436-009-0008 Administrative Review [and Contested Cases]

Administrative review before the director:

(1)(a) The director has exclusive jurisdiction to resolve all disputes concerning medical fees and non-payment of compensable medical bills. A party need not be represented to participate in the administrative review before the director [except as provided in ORS chapter 183 and OAR chapter 436, division 001].

(b) Any party may request the director provide voluntary mediation after a request for administrative review or [contested case] hearing is filed. When a dispute is resolved by agreement of the parties to the satisfaction of the director, any agreement shall be reduced to writing and approved by the director. If the dispute does not resolve through mediation, a director's order shall be issued.

(2) The medical provider, injured worker, or insurer may request review by the director in the event of a dispute about either the amount of a fee or non-payment of bills for medical services on a compensable injury. The following time frames and conditions apply to requests for administrative review before the director under this rule:

(a) For all MCO enrolled claims where a party disagrees with an action or decision of the MCO, the aggrieved party shall first apply to the MCO for dispute resolution within 30 days pursuant to OAR 436-015-0110. When the aggrieved party is a represented worker, and the worker's attorney has given written notice of representation, the 30 day time frame begins when the attorney receives written notice or has actual knowledge of the dispute. Administrative review by the director must be requested within 60 days of receipt of the MCO's final decision under the MCO's dispute resolution process. If a party has been denied access to the MCO

WORKERS' COMPENSATION DIVISION

dispute process or the process has not been completed for reasons beyond a party's control, the party may request director review within 60 days of the failure of the MCO process. If the MCO does not have a process for resolving fee and billing disputes, the insurer shall advise the medical provider or worker that they may request review by the director.

(b) For all claims not enrolled in an MCO, or for disputes which do not involve an action or decision of the MCO, the aggrieved party must request administrative review by the director within 90 days of the date the party knew, or should have known, there was a dispute over the provision of medical services. This time frame only applies if the aggrieved party other than the insurer is given written notice that they have 90 days in which to request administrative review by the director. When the aggrieved party is a represented worker, and the worker's attorney has given written notice of representation, the 90 day time frame begins when the attorney receives written notice or has actual knowledge of the dispute. For purposes of this rule, the date the insurer should have known of the dispute is the date action on the bill was due pursuant to OAR 436-009-0030. Filing a request for administrative review under this rule may also be accomplished in the manner prescribed in OAR chapter 438, division 005.

(c) The director may, on the director's own motion, initiate a medical services review at any time.

(d) Under ORS 656.704(3)(c) [Oregon Laws 2005, chapter 26, section 15], [w]hen there is a formal denial of the underlying condition or a denial of the causal relationship between the medical service and the accepted condition, the issue [must] **may** first be decided by the Hearings Division of the Workers' Compensation Board.

(3) Parties must submit requests for administrative review to the director in the form and format prescribed by the director. When an insurer or the worker's representative submits a request without the required information, at the director's discretion the administrative review may not be initiated until the information is submitted. Unrepresented workers may contact the director for help in meeting the filing requirements. The requesting party must simultaneously notify all other interested parties of the dispute, and their representatives, if known, as follows:

- (a) Identify the worker's name, date of injury, insurer, and claim number.
- (b) Specify the issues in dispute and the relief sought.
- (c) Provide the specific dates of the unpaid disputed treatment or services.

(d) If the request for review is submitted by either the insurer or medical provider, it shall state specific code(s) of service(s) in dispute and include sufficient documentation to support the review request, including but not limited to copies of original HCFA/CMS bills, chart notes, bill analyses, operative reports, any correspondence between the parties regarding the dispute, and any other documentation necessary to evaluate the dispute. The insurer or medical provider requesting review shall certify that the involved parties have been provided a copy of the request for review and attached supporting documentation and, if known, [that] **whether** there is [no] **an** issue of causation or compensability of the underlying claim or condition.

(4) The division shall investigate the matter upon which review was requested.

- (a) The investigation may include, but shall not be limited to, request for and review of

WORKERS' COMPENSATION DIVISION

pertinent medical treatment and payment records, interviews with the parties to the dispute, or consultation with an appropriate committee of the medical provider's peers.

(b) Upon receipt of a written request for additional information, the party shall have 14 days to respond.

(c) A dispute may be resolved by agreement between the parties to the dispute. When the parties agree, the director may issue a letter of agreement in lieu of an administrative order, which will become final on the 10th day after the letter of agreement is issued unless the agreement specifies otherwise. Once the agreement becomes final, the director may revise the agreement or reinstate the review only under one or more of the following conditions:

(A) A party fails to honor the agreement;

(B) The agreement was based on misrepresentation;

(C) Implementation of the agreement is not feasible because of unforeseen circumstances; or

(D) All parties request revision or reinstatement.

[(d) Pursuant to section (6) of this rule, within 30 days of the administrative order, any party may appeal to a contested case before the Office of Administrative Hearings.]

(5) The director may on the director's own motion reconsider or withdraw any order that has not become final by operation of law. A party may also request reconsideration of an administrative order upon an allegation of error, omission, misapplication of law, incomplete record, or the discovery of new information which could not reasonably have been discovered and produced during the review. The director may grant or deny a request for reconsideration at the director's sole discretion. A request must be mailed to the director before the administrative order becomes final.

(6) [Contested cases] **Hearings** before [the Office of Administrative Hearings] **an administrative law judge**: [Pursuant to] **Under** [ORS 183.310 through 183.690, as modified by OAR chapter 436, division 001 and] ORS 656.704(2), any party that disagrees with an action or order of the director [pursuant to] **under** these rules[,] may request a [contested case] hearing[. For purposes of these rules, "contested case" has the meaning prescribed in ORS 183.310(2) and OAR chapter 436 division 001. A party may appeal to the director as follows:

(a) The party must send a written request to the administrator of the Workers' Compensation Division. The request must specify the grounds upon which the order or other action of the director is contested and include a copy of the order being appealed.

(b) The appeal must be mailed] **by filing a request for hearing as provided in OAR 436-001-0019** within 30 days of the mailing date of the order or notice of action [being appealed]. **OAR 436-001 applies to the hearing.**

(7) Contested case hearings of sanction and civil penalties: Under ORS 656.740, any party that disagrees with a proposed order or proposed assessment of a civil penalty issued by the director pursuant to ORS 656.254, or 656.745 may request a hearing by the Hearings Division of the Workers' Compensation Board as described in OAR 436-010-0008(15).

(8) Director's administrative review of other actions: Any party seeking an action or decision by the director or aggrieved by an action taken by any other party, not covered under sections (1) through (7) of this rule, pursuant to these rules, may request administrative review

by the director. Any party may request administrative review as follows:

(a) A written request for review must be sent to the administrator of the Workers' Compensation Division within 90 days of the disputed action and must specify the grounds upon which the action is contested.

(b) The division may require and allow such input and information as it deems appropriate to complete the review.

(c) A director's order may be issued and will specify if the order is final or if it may be appealed in accordance with section (6) of this rule.

436-009-0010 General Requirements for Medical Billings

(1) Only treatment that falls within the scope and field of the practitioner's license to practice will be paid under a worker's compensation claim.

(2) All medical providers shall submit bills to the insurer or managed care organization, as provided by their contract for medical services, on a current UB92 or HCFA/CMS 1500 form, except for:

(a) Dental billings which shall be submitted on American Dental Association dental claim forms;

(b) Pharmacy billings, which shall be submitted on the most current NCPDP form;

(c) EDI transmissions of medical bills pursuant to OAR 436-009-0030(3)(c). Computer-generated reproductions of these forms may also be used. Billings shall include the worker's full name, date of injury, the employer's name and, if available, the insurer's claim number.

(3)(a) All original medical provider billings shall be accompanied by legible chart notes documenting services which have been billed, and identifying the person performing the service and license number of person providing the service. Medical doctors are not required to provide their medical license number if they are already providing other identification such as a federal tax reporting identification number, or Unique Provider Identification Number (UPIN).

(b) When processing billings via EDI, the insurer may waive the requirement that billings be accompanied by chart notes. The insurer remains responsible for payment of only compensable medical services. The medical provider may submit their chart notes separately or at regular intervals as agreed with the insurer.

**DEPARTMENT OF CONSUMER AND BUSINESS SERVICES
WORKERS' COMPENSATION DIVISION
OREGON MEDICAL FEE AND PAYMENT RULES**

(4) Codes listed in CPT[®] 2005 or Oregon Specific Codes (OSC) shall be used when billing medical services. All billings shall be fully itemized and include ICD-9-CM codes. Services shall be identified by the code numbers and descriptions provided in these rules. A "zz" qualifier shall be used when billing electronically for services that use Oregon Specific Codes.

(a) If there is no specific code for the medical service, the medical provider shall use the appropriate unlisted code at the end of each medical service section of CPT[®] 2005 and provide a description of the service provided.

(b) Any service not identifiable with a code number shall be adequately described by report.

(5) Billings for treatment shall be rendered at reasonable intervals not to exceed 60 days following treatment. Late billings may be subject to discounts, not to exceed 10 percent for each 30 day period or fraction thereof, beyond 60 days, provided the medical provider has notice or knowledge of the responsible workers' compensation insurer or processing agent.

(6) Rebillings shall indicate that the charges have been previously billed.

(7) The medical provider shall bill their usual and customary fee charged to the general public. The submission of the bill by the medical provider shall serve as a warrant that the fee submitted is the usual fee of the medical provider for the services rendered. The department shall have the right to require documentation from the medical provider establishing that the fee under question is the medical provider's usual fee charged to the general public. For purposes of this rule, "general public" means any person who receives medical services, except those persons who receive medical services subject to specific billing arrangements allowed under the law which require providers to bill other than their usual fee.

(8) Medical providers shall not submit false or fraudulent billings. As used in this section, "false or fraudulent" shall mean an intentional deception or misrepresentation issued with the knowledge that the deception could result in unauthorized benefit to the provider or some other person. The medical provider shall not bill for services not provided.

(9) When a worker with two or more separate compensable claims receives treatment for more than one injury or illness costs shall be divided among the injuries or illnesses, irrespective of whether there is more than one insurer.

(10) Workers may make a written request to a medical provider to receive copies of medical billings. Upon receipt of a request, the provider may furnish the worker a copy during the next billing cycle, but in no event later than 30 days following receipt of the request. Thereafter, worker copies shall be furnished during the regular billing cycle.

436-009-0015 Limitations on Medical Billings

(1) An injured worker shall not be liable to pay for any medical service related to an accepted compensable injury or illness or any amount reduced by the insurer pursuant to OAR chapter 436. A medical provider shall not attempt to collect payment for any medical service from an injured worker, except as follows:

(a) When the injured worker seeks treatment for conditions not related to the accepted compensable injury or illness;

(b) When the injured worker seeks treatment that has not been prescribed by the attending physician or authorized nurse practitioner, or a specialist physician upon referral of the attending physician or authorized nurse practitioner. This would include, but not be limited to, ongoing treatment by non-attending physicians in excess of the 30 day/12 visit period or by nurse practitioners in excess of the 90 day period, as set forth in ORS 656.245 and OAR 436-010-0210;

(c) When the injured worker seeks palliative care that is either not compensable or not authorized by the insurer or the director pursuant to OAR 436-010-0290, after the worker has been provided notice that the worker is medically stationary;

(d) When the injured worker seeks treatment outside the provisions of a governing MCO contract after insurer notification in accordance with OAR 436-010-0275; or

(e) When the injured worker seeks treatment after being notified that such treatment has been determined to be unscientific, unproven, outmoded, or experimental.

(2) A medical provider may not charge any fee for completing a medical report form required by the director under this chapter or for providing chart notes required by OAR 436-009-0010(3) of this rule.

(3) The preparation of a written treatment plan and the supplying of progress notes are integral parts of the fee for the medical service.

(4) No fee shall be paid for the completion of a work release form or completion of a PCE form where no tests are performed.

(5) No fee is payable for a missed appointment except a closing examination or an appointment arranged by the insurer or for a Worker Requested Medical Examination. Except as provided in OAR 436-009-0070 (9)(d) and (10)(d), when the worker fails to appear without providing the medical provider at least 24 hours notice, the medical provider shall be paid at 50 percent of the examination or testing fee.

(6) Pursuant to ORS 656.245 (3), the director has excluded from compensability the following medical treatment. While these services may be provided, medical providers shall not be paid for the services or for treatment of side effects.

(a) DMSO, except for treatment of compensable interstitial cystitis,

- (b) Intradiscal electrothermal therapy (IDET)
- (c) Surface EMG (electromyography) tests,
- (d) Rolwing,
- (e) Prolotherapy, and
- (f) Thermography.

(7) Only one office visit code may be used for each visit except for those code numbers relating specifically to additional time.

(8) Mechanical muscle testing may be paid a maximum of three times during a treatment program when prescribed and approved by the attending physician or authorized nurse practitioner: once near the beginning, once near the middle, and once near the end of the treatment program. Additional mechanical muscle testing shall be paid for only when authorized in writing by the insurer prior to the testing. The fee for mechanical muscle testing includes a copy of the computer printout from the machine, written interpretation of the results, and documentation of time spent with the patient.

(9)(a) When a physician or authorized nurse practitioner provides services in hospital emergency or outpatient departments which are similar to services that could have been provided in the physician's or authorized nurse practitioner's office, such services shall be identified by CPT[®] codes and paid according to the fee schedule.

(b) When a worker is seen initially in an emergency department and is then admitted to the hospital for inpatient treatment, the services provided immediately prior to admission shall be considered part of the inpatient treatment. Diagnostic testing done prior to inpatient treatment shall be considered part of the hospital services subject to the hospital fee schedule.

(10) Physician assistant, authorized nurse practitioner, or out-of-state nurse practitioner fees shall be paid at the rate of 85 percent of a physician's allowable fee for a comparable service. The bills for services by these providers must be marked with modifier "81." Chart notes shall document when medical services have been provided by a physician assistant or nurse practitioner.

(11) Except as otherwise provided in OAR 436-009-0070, when a medical provider is asked to prepare a report, or review records or reports prepared by another medical provider, insurance carrier or their representative, the medical provider should bill for their report or review of the records utilizing CPT[®] Codes such as 99080. Refer to specific code definitions in the CPT[®] for other applicable codes. The billing should include the actual time spent reviewing the records or reports.

OREGON MEDICAL FEE AND PAYMENT RULES**

436-009-0020 Hospital Fees

(1) Hospital inpatient charges billed to insurers shall include ICD-9-CM diagnostic and procedural codes. Unless otherwise provided for by a governing MCO contract, insurers shall pay hospitals for inpatient services using the current adjusted cost/charge ratio (see Bulletin 290). For purposes of this rule, hospital inpatient services include, but are not limited to, those bills coded "111" through "118" in space #4 on the UB92 billing form. The audited bill shall be multiplied by the hospital's adjusted cost/charge ratio to determine the allowable payment.

(2) Hospital outpatient charges billed to insurers shall include ICD-9-CM diagnostic and procedural codes, CPT[®] codes, HCPCS codes, and National Drug Codes (NDC), where applicable. Unless otherwise provided for by a governing MCO contract, insurers shall pay hospitals for outpatient services according to the following: the insurer shall first separate out and pay charges for services covered under the CPT[®] and RBRVS. These charges should be subtracted from the total bill and the adjusted cost/charge ratio should be applied only to the balance. For all outpatient therapy services (physical therapy, occupational therapy, and speech language pathology), use the non-facility total column. All other charges billed using both the hospital name and tax identification number will be paid as if provided by the hospital.

(3) Each hospital's HCFA/CMS 2552 form and financial statement shall be the basis for determining its adjusted cost/charge ratio. If a current 2552 is not available, then financial statements may be used to develop estimated data. If the adjusted cost/charge ratio is determined from estimated data, the hospital will receive the lower ratio of (1) the hospital's last published cost/charge ratio or, (2) the hospital's cost/charge ratio based on estimated data.

(a) The basic cost/charge ratio shall be developed by dividing the total net expenses for allocation shown on Worksheet A, and as modified in subsection (b), by the total patient revenues from Worksheet G-2.

(b) The net expenses for allocation derived from Worksheet A shall be modified by adding, from Worksheet A-8, the expenses for:

(A) Provider-Based physician adjustment;

(B) Patient expenses such as telephone, television, radio service and other expenses determined by the department to be patient-related expenses; and

(C) Expenses identified as for physician recruitment.

(c) The basic cost/charge ratio shall be further modified to allow a factor for bad debt and the charity care provided by each hospital. The adjustment for bad debt and charity care is calculated in two steps. Step one: Add the dollar amount for net bad debt to the dollar amount for charity care. Divide this sum by the dollar amount of the total patient revenues, from Worksheet G-2, to compute the bad debt and charity ratio. Step two: Multiply the bad debt and charity ratio by the basic cost/charge ratio calculated in (3)(a) to obtain the factor for bad debt and charity care.

(d) The basic cost/charge ratio shall be further modified to allow an adequate return on assets. The director will determine a historic real growth rate in the gross fixed assets of Oregon hospitals from the audited financial statements. This real growth rate, and the projected growth in a national fixed weight price deflator will be added together to form a growth factor. This growth

WORKERS' COMPENSATION DIVISION
OREGON MEDICAL FEE AND PAYMENT RULES**

factor will be multiplied by the total fund balance, from Worksheet G of each hospital's HCFA/CMS 2552 to produce a fund balance amount. The fund balance amount is then divided by the total patient revenues from Worksheet G-2, to compute the fund balance factor.

(e) The factors resulting from subsections (3)(c) and (3)(d) of this rule will be added to the ratio calculated in subsection (3)(a) of this rule to obtain the adjusted cost/charge ratio. In no event will the adjusted cost/charge ratio exceed 1.00.

(f) The adjusted cost/charge ratio for each hospital will be revised annually, at a time based on their fiscal year, as described by bulletin. Each hospital shall submit a copy of their HCFA/CMS 2552 and financial statements each year within 150 days of the end of their fiscal year to the Information Management Division, Department of Consumer and Business Services. The adjusted cost/charge ratio schedule will be published by bulletin twice yearly, to be effective for the six-month period beginning April 1, and to be effective for the six-month period beginning October 1.

(g) For those newly formed or established hospitals for which no HCFA/CMS 2552 has been filed or for which there is insufficient data, or for those hospitals that do not file Worksheet G-2 with the submission of their HCFA/CMS 2552, the division shall determine an adjusted cost/charge ratio for the hospital based upon the adjusted cost/charge ratios of a group of hospitals of similar size and/or geographic location.

(h) If the financial circumstances of a hospital unexpectedly and/or dramatically change, the division may revise the hospital's adjusted cost/charge ratio to allow equitable payment.

(i) If audit of a hospital's HCFA/CMS 2552 by the CMS produces significantly different data from that obtained from the initial filing, the division may revise the hospital's adjusted cost/charge ratio to reflect the data developed subsequent to the initial calculation.

(j) Notwithstanding subsections (c) through (i) of this section, the cost/charge ratio shall be 1.000 for out-of-state hospitals, unless a lower rate is negotiated between the insurer and the hospital.

(k) Notwithstanding section (1) and (2) of this rule, the director may exclude rural hospitals from imposition of the adjusted cost/charge ratio based upon a determination of economic necessity. The rural hospital exclusion will be based on the financial health of the hospital reflected by its financial flexibility index, as originally developed by Dr. William Cleverley. All rural hospitals having a financial flexibility index at or below the median for hospitals nationwide with a bond rating of BBB+, BBB, or BBB- will qualify for the rural exemption. Rural hospitals that are designated as critical access hospitals under the Oregon Medicare Rural Hospital Flexibility Program are automatically exempt from imposition of the adjusted cost/charge ratio.

436-009-0025 Reimbursement of Related Services Costs

(1) The insurer shall notify the worker at the time of claim acceptance that actual and reasonable costs for travel, prescriptions and other claim-related services paid by the worker will be reimbursed by the insurer upon request. The insurer may require reasonable documentation to support the request. Insurers shall date stamp requests for reimbursement upon receipt and shall reimburse the costs within 30 days of receiving the worker's written request and supporting documentation, if the request clearly shows the costs are related to the accepted compensable injury or disease. If the insurer cannot determine if the costs are related to the accepted compensable injury or disease, the insurer shall inform the worker what information is needed before the request for reimbursement can be processed. On deferred claims, requests which are at least 30 days old at the time of claim acceptance become due immediately upon claim acceptance and shall be paid within 14 days. If there is a claim for aggravation or a new medical condition on an accepted claim, reimbursement of related services is not due and payable until the aggravation or new medical condition is accepted. If the claim is denied, requests for reimbursement shall be returned to the worker within 14 days.

(2) Reimbursement of the costs of meals, lodging, public transportation and use of a private vehicle reimbursed at the rate of reimbursement for State of Oregon classified employees, as published in Bulletin 112, complies with this section. Reimbursement may exceed these rates where special transportation or lodging is needed.

(3) Requests for reimbursement of related services costs must be received by the insurer within two years of the date the costs were incurred or within two years of the date the claim or medical condition is finally determined compensable, whichever date is later. The insurer may disapprove requests for reimbursement received beyond the two year period as being untimely requested.

(4) Requests for reimbursement denied as unreasonable or not related to the accepted compensable injury or disease shall be returned to the worker within 30 days of the date of

receipt by the insurer. The insurer shall provide the worker an explanation of the reason for nonpayment and advise the worker of the right to appeal the insurer's decision by requesting administrative review before the director, pursuant to OAR 436-009-0008.

(5) Pursuant to ORS 656.325(1)(c) and OAR 436-060-0095(5)(f), the insurer shall reimburse the worker for costs related to the worker's attendance at an insurer medical examination regardless of the acceptance, deferral, or denial of the claim.

436-009-0030 Insurer's Duties and Responsibilities

(1) The insurer shall pay for medical services related to a compensable injury claim, except as provided by OAR 436-060-0055.

(2) The insurer, or its designated agent, may request from the medical provider, any and all necessary records needed to review accuracy of billings. The medical provider may charge an appropriate fee for copying documents in accordance with OAR 436-009-0070(1). If the evaluation of the records must be conducted on-site, the provider shall furnish a reasonable work-site for the records to be reviewed at no cost. These records shall be provided or made available for review within 14 days of a request.

(3) Insurers shall date stamp medical bills and reports upon receipt and pay bills for medical services on accepted claims within 45 days of receipt of the bill, if the billing is submitted in proper form in accordance with OAR 436-009-0010(2) through (4) and clearly shows that the treatment is related to the accepted compensable injury or disease. Billings not submitted in the proper form must be returned or a request for chart notes on EDI billings must be made, to the medical provider within 20 days of receipt of the bill. The number of days between the date the insurer returns the billing or requests for chart notes from the provider and the date the insurer receives the corrected billing or chart notes, shall not apply toward the 45 days within which the insurer is required to make payment.

(a) The insurer shall retain a copy of each medical provider's bill received by the insurer or shall be able to reproduce upon request data relevant to the bill, including but not limited to, provider name, date of service, date the insurer received the bill, type of service, billed amount, coding submitted by the medical provider as described in OAR 436-009-0010(2) and insurer action, for any fee reduction other than a fee schedule reduction. This includes all bills submitted to the insurer even when the insurer determines no payment is due.

(b) Any service billed with a code number commanding a higher fee than the services provided shall be returned to the medical provider for correction or paid at the value of the service provided.

(c) When a medical provider renders a bill via EDI, it shall be considered "mailed" in accordance with OAR 436-010-0005.

(4) Payment of medical bills is required within 14 days of any action causing the service to be payable, or within 45 days of the insurer's receipt of the bill, whichever is later.

**DEPARTMENT OF CONSUMER AND BUSINESS SERVICES
WORKERS' COMPENSATION DIVISION
OREGON MEDICAL FEE AND PAYMENT RULES**

(5) Failure to pay for medical services timely may render insurer liable to pay a reasonable monthly service charge for the period payment was delayed, if the provider customarily levies such a service charge to the general public.

(6) When there is a dispute over the amount of a bill or the appropriateness of services rendered, the insurer shall, within 45 days, pay the undisputed portion of the bill and at the same time provide specific reasons for non-payment or reduction of each medical service code. Resolution of billing disputes shall be made in accordance with OAR 436-009-0008, 436-010-0008 and 436-015.

(7) Bills for medical services rendered at the request of the insurer and bills for information submitted at the request of the insurer, which are in addition to those required in OAR 436-010-0240 must be paid for within 45 days of receipt by the insurer even if the claim is denied.

(8) The insurer shall establish an audit program for bills for all medical services to determine that the bill reflects the services provided, that appropriate prescriptions and treatment plans are completed in a timely manner, that payments do not exceed the maximum fees adopted by the director, and that bills are submitted in a timely manner. The audit shall be continuous and shall include no fewer than 10 percent of medical bills. The insurer shall provide upon request documentation establishing that the insurer is conducting a continuous audit of medical bills. This documentation shall include, but not be limited to, medical bills, internal audit forms, and any medical charge summaries prepared by private medical audit companies.

(9) The insurer must pay a medical provider for any bill related to the claimed condition received by the insurer on or before the date the terms of a disputed claim settlement (DCS) were agreed on, but was either not listed in the approved DCS or was not paid to the medical provider as set forth in the approved DCS. Payment must be made by the insurer as prescribed by ORS 656.313(4)(d) and OAR 438-009-0010(2)(g) as if the bill had been listed in the approved settlement or as set forth in the approved DCS, except if the DCS payments have already been made, the payment must not be deducted from the settlement proceeds. Payment must be made within 45 days of the insurer's knowledge of the outstanding bill.

(10) Insurers that had at least 100 accepted disabling claims in the previous calendar year, as determined by the director, are required to submit detailed medical service billing data to the Information Management Division of the Department of Consumer and Business Services at 350 Winter St NE, Room 300, PO Box 14480, Salem OR 97309-0405. Once an insurer has reached the minimum number of accepted disabling claims, they must continue to report in subsequent years unless there is a significant decrease below the 100 claim minimum which is expected to continue. If the insurer drops below the 100 disabling claim level or encounters other significant hardships, the insurer may apply to the director for exemption from the reporting requirement. The reporting requirements are as follows:

(a) The director will notify the affected insurers when they reach the minimum. The transmission data and format requirements are included in Appendix A;

(b) The data shall include all payments made during each calendar quarter for medical services that are covered by the department's fee schedules. The following apply:

**DEPARTMENT OF CONSUMER AND BUSINESS SERVICES
WORKERS' COMPENSATION DIVISION
OREGON MEDICAL FEE AND PAYMENT RULES**

(A) Hospital Inpatient: Each hospital inpatient stay should be reported as one record summarizing all services related to the inpatient stay using provider type "HI." Report ICD-9-CM procedure code in the service code field.

(B) Hospital Outpatient: Report at the individual service-code level using provider type "HO." A service code, whether CPT[®], HCPCS or other, is required on all "HO" records in addition to the ICD-9-CM diagnostic code.

(C) Adjustments to payments must be associated with specific services.

(c) The affected insurers shall submit the medical data within 45 days of the end of each calendar quarter. A grace period of two calendar quarters may be granted for revised requirements and also for insurers which are newly affected by these requirements. The calendar quarter due dates are as outlined in the table below:

QUARTERLY DUE DATES Table

QUARTER	MONTH OF PAYMENT	DUE NEXT
First	January, February & March	May 15th
Second	April, May & June	August 14th
Third	July, August & September	November 14th
Fourth	October, November & December	February 14th

(d) Technical Requirements: Data for each quarter calendar year must be transmitted as an individual file. Insurers transmitting data for more than one insurer may batch multiple insurer data files in one transmission. Data must be transmitted in electronic text files either on a 3.5 inch diskette, CD, or by file transfer protocol (FTP). Contact the Information Management Division (IMD) to arrange submission by FTP files or other electronic transmission methods. The record length must be fixed, 129 bytes, no packed fields, and in conformance with the records layout in Appendix A. Diskettes must be ASCII format, high density. Diskettes and CDs must have a physical label that indicates "Medical Data," the name of the group submitting, the quarter reported, and the date the file was created. Include a cover letter in the same package with each diskette or CD. Contact IMD for e-mail cover letter instructions. The cover letter must include the label information and the following: a list of all insurance companies' data included in the transmission; number of records; a contact person's name, address, and telephone number; and any known problems with the data.

(e) Data Quality: The director will conduct electronic edits for blank or invalid data. Affected insurers are responsible for pre-screening the data they submit to check that all the required information is reported. Files which have more than five percent missing or invalid data in any field, based on initial computerized edits, will be returned to the insurer for correction and must be resubmitted within three weeks (21 days) from the date it was returned by the department.

(f) Audit Quality: The director may also conduct field audits of actual payments reported for individual claims. When an audit occurs, in order to be in compliance with this rule and OAR 436-009-0025, audited data must have no more than 15 percent inaccurate data in any field.

436-009-0040 Calculating Medical Provider Fees

(1) Medical fees shall be paid at the provider's usual and customary fee or in accordance with the fee schedule whichever is less. For all MCO enrolled claims, payment of medical fees shall be at the provider's usual and customary fee or according to the fee schedule, whichever is less, unless otherwise provided by MCO contract. Where there is no maximum payment established by the fee schedule, an insurer may challenge the reasonableness of a provider's billing on a case by case basis by asking the director to review the billing under OAR 436-009-0008. If the director determines the amount billed is unreasonable, the director may establish a different fee to be paid to the provider based on at least one, but not limited to, the following: reasonableness, the usual and customary fees of similar providers, the services provided in the specific case, fees for similar services in similar geographic regions, and any extenuating circumstances.

(2)(a) When using RBRVS, the RVU is determined by reference to the appropriate CPT[®] code. Where the procedure is performed inside the medical service provider's office, use Year 2004 non-facility total column. Where the procedure is performed outside the medical service provider's office, use Year 2004 facility total column. Use the global column to identify the follow up days when applicable. For all outpatient therapy services (physical therapy, occupational therapy, and speech language pathology), use the Year 2004 non-facility total column. No other column applies.

(b) When an Oregon Specific Code is assigned, the RVU for multidisciplinary program services is found in OAR 436-009-0060(5), or for other services in OAR 436-009-0070 (13).

(c) When using the ASA Relative Value Guide, a basic unit value is determined by reference to the appropriate Anesthesia code. The anesthesia value includes the basic unit value, time units, and modifying units.

(3) Payment according to the fee schedule shall be determined by multiplying the assigned RVU or basic unit value by the applicable conversion factor. Where the code is designated by an RVU of "0.00" or IC (individual consideration) for Anesthesia codes, it shall be paid at the provider's usual and customary rate.

436-009-0050 CPT® Sections

Each CPT® section has its own schedule of relative values, completely independent of and unrelated to any of the other sections. The definitions, descriptions, and guidelines found in CPT® shall be used as guides governing the descriptions of services, except as otherwise provided in these rules. The following provisions are in addition to those provided in each section of CPT®.

- (1) Evaluation and Management services.
- (2) Anesthesia services.

(a) In calculating the units of time, use 15 minutes per unit. If a medical provider bills for a portion of 15 minutes, round the time up to the next 15 minutes and pay one unit for the portion of time.

(b) Anesthesia basic unit values are to be used only when the anesthesia is personally administered by either a licensed physician or nurse anesthetist who remains in constant attendance during the procedure for the sole purpose of rendering such anesthesia service.

(c) When a regional anesthesia is administered by the attending surgeon, the value shall be the "basic" anesthesia value only without added value for time.

(d) When the surgeon or attending physician administers a local or regional block for anesthesia during a procedure, the modifier "NT" (no time) shall be noted on the bill.

(e) Local infiltration, digital block, or topical anesthesia administered by the operating surgeon is included in the relative value unit for the surgical procedure.

- (3) Surgery services.

**DEPARTMENT OF CONSUMER AND BUSINESS SERVICES
WORKERS' COMPENSATION DIVISION
OREGON MEDICAL FEE AND PAYMENT RULES**

(a) When a worker is scheduled for elective surgery, the immediate pre-operative visit, in the hospital or elsewhere, necessary to examine the patient, complete the hospital records, and initiate the treatment program is included in the listed global value of the surgical procedure. If the procedure is not elective, the physician is entitled to payment for the initial evaluation of the worker in addition to the global fee for the surgical procedure(s) performed.

(b) When an additional surgical procedure(s) is carried out within the listed period of follow-up care for a previous surgery, the follow-up periods will continue concurrently to their normal terminations.

(c) Multiple surgical procedures performed at the same session shall be paid as follows:

(A) When multiple surgical procedures are performed by one surgeon, the principal procedure is paid at 100 percent of the maximum allowable fee, the secondary and all subsequent procedures are paid at 50 percent of the maximum allowable fee. A diagnostic arthroscopic procedure performed preliminary to an open operation, is considered a secondary procedure and paid accordingly.

(B) When multiple arthroscopic procedures are performed, the major procedure shall be paid at no more than 100 percent of the value listed in these rules and the subsequent procedures paid at 50 percent of the value listed.

(C) When more than one surgeon performs surgery, each procedure shall be billed separately. The maximum allowable fee for each procedure, as listed in these rules, shall be reduced by 25 percent. When the surgeons assist each other throughout the operation, each is entitled to an additional fee of 20 percent of the other surgeon's allowable fee as an assistant's fee. When the surgeons do not assist each other, and a third physician assists the surgeons, the third physician is entitled to the assistant's fee of 20 percent of the surgeons' allowable fees.

(D) When a surgeon performs surgery following severe trauma that requires considerable time, and the surgeon does not think the fees should be reduced under the multiple surgery rule, the surgeon may request special consideration by the insurer. Such a request must be accompanied by written documentation and justification. Based on the documentation, the insurer may pay for each procedure at 100 percent.

(E) When a surgical procedure is performed bilaterally, the modifier "-50" shall be noted on the bill for the second side, and paid at 50% of the fee allowed for the first side.

(d) Physician assistants or nurse practitioners shall be paid at the rate of 10 percent of the surgeon's allowable fee for the surgical procedure(s). The bills for services by these providers shall be marked with a modifier "-81." Chart notes shall document when medical services have been provided by a physician assistant or nurse practitioner.

(e) Other surgical assistants who are self-employed and work under the direct control and supervision of a physician shall be paid at the rate of 10 percent of the surgeon's allowable fee for the surgical procedure(s). The operation report shall document who assisted.

(4) Radiology services.

(a) In order to be paid, x-ray films must be of diagnostic quality. Billings for 14" x 36" lateral views shall not be paid. Billings for X-rays shall not be paid without a report of the

(5) Pathology and Laboratory services.

(a) The laboratory and pathology conversion factor applies only when there is direct physician involvement.

(b) Laboratory fees shall be billed in accordance with ORS 676.310. If any physician submits a bill for laboratory services that were performed in an independent laboratory, the bill shall show the amount charged by the laboratory and any service fee that the physician charges.

(6) Medicine services.

(7) Physical Medicine and Rehabilitation services.

(a) Increments of time for a time-based CPT[®] code shall not be prorated.

(b) Payment for modalities and therapeutic procedures shall be limited to a total of three separate CPT[®]-coded services per day. CPT[®] codes 97001, 97002, 97003, or 97004 are not subject to this limit. An additional unit of time (15 minute increment) for the same CPT[®] code is not counted as a separate code.

(c) All modality codes requiring constant attendance (97032, 97033, 97034, 97035, 97036, and 97039) are time-based. Chart notes must clearly indicate the time treatment begins and the time treatment ends for the day.

(d) CPT[®] codes 97010 through 97028 shall not be paid unless they are performed in conjunction with other procedures or modalities which require constant attendance or knowledge and skill of the licensed medical provider.

(e) When multiple treatments are provided simultaneously by a machine, device or table there shall be a notation on the bill that treatments were provided simultaneously by a machine, device or table and there shall be one charge.

musculoskeletal components of a specific body part. These components include such tests as active range of motion, motor power using the 5/5 scale, and sensation. This level requires not less than 45 minutes of actual patient contact. A first level PCE shall be paid under OSC-99196 which includes the evaluation and report. Additional 15-minute increments may be added if multiple body parts are reviewed and time exceeds 45 minutes. Each additional 15 minutes shall be paid under OSC-99193 which includes the evaluation and report.

(b) SECOND LEVEL PCE: This is a PCE to measure general residual functional capacity to perform work or provide other general evaluation information, including musculoskeletal evaluation. It may be used to establish Residual Functional Capacities for claim closure. This level requires not less than two hours of actual patient contact. The second level PCE shall be paid under OSC-99197 which includes the evaluation and report. Additional 15 minute increments may be added to measure additional body parts, to establish endurance and to project tolerances. Each additional 15 minutes shall be paid under OSC-99193 which includes the evaluation and report.

(c) WCE: This is a residual functional capacity evaluation which requires not less than 4 hours of actual patient contact. The evaluation may include a musculoskeletal evaluation for a single body part. A WCE shall be paid under OSC-99198 which includes the evaluation and report. Additional 15 minute increments (per additional body part) may be added to determine endurance (e.g. cardiovascular) or to project tolerances (e.g., repetitive motion). Each additional 15 minutes shall be paid under OSC-99193 which includes the evaluation and report. Special emphasis should be given to:

(A) The ability to perform essential physical functions of the job based on a specific job analysis as related to the accepted condition;

This fee determination will be based on the complexity of the examination, the report requirements and the extent of the record review. The level of each category is determined by the director based on the individual complexities of each case as compared to the universe of claims in the medical arbiter process. When the examination is scheduled, the director shall notify the medical arbiter and the parties of the authorized fee for

436-009-0090 Pharmacy Fees

(1) Except for in-patient hospital charges, pharmacy fees shall be paid at the provider's usual and customary rate or the maximum allowable fee established by this rule, whichever is the lower.

(a) The Average Wholesale Price (AWP) effective on the day the drug was dispensed shall be used to determine the maximum allowable fee.

(b) The maximum allowable fee is determined as follows:

(A) For generic drugs and for brand name drugs without a generic equivalent, 88% of the AWP for the dispensed drug plus \$8.70 dispensing fee.

(B) For brand name drugs with a generic equivalent, if the prescribing medical service provider writes "Do not substitute" or a similar notation on the prescription, 88% of the AWP for the dispensed drug plus \$8.70 dispensing fee.

(C) For brand name drugs with a generic equivalent, if the prescribing medical service provider did not write "Do not substitute" or a similar notation on the prescription, the lower of 88% of the AWP for the dispensed drug plus \$8.70 dispensing fee, or 88% of the average AWP for the class of generic drugs plus \$8.70 dispensing fee, or, in the event that the pricing guides have not established an average AWP, 88% of the calculated average AWP of the generic drugs listed in the pricing guide plus \$8.70 dispensing fee.

(c) All providers who are licensed to dispense medications in accordance with their practice must be paid similarly regardless of profession.

(2) All prescription medications are required medical services and do not require prior approval under the palliative care provisions of OAR 436-010-0290.

unless the prescribing medical service provider writes a clinical justification for prescribing that drug rather than a less costly drug with a similar therapeutic effect.

(a) The clinical justification may accompany the prescription and be submitted by the pharmacist or may be given directly to the insurer by the medical provider.

(b) Clinical justification means a written document from the medical service provider stating the reason he or she believes the drug ordered is the one the patient should have. The justification may be included on the prescription itself and may simply be a brief statement. Insurers and self-insured employers cannot challenge the adequacy of the clinical justification. However, they can challenge whether or not the medication is excessive, inappropriate, or ineffectual in accordance with ORS 656.327.

(c) An additional clinical justification is not necessary for refills of that medication.

(5) Insurers shall use the prescription pricing guide published by First DataBank Inc, Thomson Healthcare, Inc., or Facts & Comparisons (a Wolters Kluwer Health, Inc., Company) for calculating payments to the licensed provider. Insurers must update their source at least monthly.

(6) The worker shall have the right to select the pharmacy, except for claims enrolled in a managed care organization (MCO) where pharmacy service providers are specified by the MCO contract.

(7) Except for sections 2, 3, 4 and 6 of this rule, this rule shall not apply to a worker's direct purchase of prescription medications, and shall not limit a worker's right to reimbursement for actual out-of-pocket expenses pursuant to OAR 436-009-0025.

(8) The insurer shall be required to pay the retail-based fee for over-the-counter medications.

(9) Drugs dispensed by a hospital (inpatient or outpatient) shall to be billed and paid pursuant to OAR 436-009-0020.
