coordination with the Oregon Workers' Compensation Division

# A conference designed with **you** in mind

## Nov. 1 and 2, 2016

The Oregon Workers' Compensation Division, with sponsorship from the International Workers' Compensation Foundation, coordinates this educational conference for those who participate in the Oregon workers' compensation system. The conference is designed to enhance understanding of the system and improve processes and services that affect injured workers and employers. The general sessions cover topics of interest for the entire workers' compensation community, with concurrent workshops and information booths providing detailed coverage of specific areas of interest. The conference also includes an exhibitor area.

Additionally, the conference will give you a chance to meet and dialogue with division leadership both at information booths and in breakout sessions. This is your opportunity to share ideas, ask questions, and discuss issues that affect your organization.

## Who should attend?

Employers, attorneys, safety and human resource managers, insurers, self-insurers, third-party administrators, claim-closure service providers, injured workers, union representatives, medical providers, service-provider staff who handle billing and documentation, managed care organizations, and vocational rehabilitation providers are encouraged to attend. In fact, anyone interested in the workers' compensation system in Oregon will receive valuable information at this conference.
