BEFORE THE DIRECTOR
DEPARTMENT OF CONSUMER AND BUSINESS SERVICES
WORKERS’ COMPENSATION DIVISION

In the Matter of the Amendment of Oregon Administrative Rules (OAR):

ORDER OF
ADOPTION

436-009, Oregon Medical Fee and Payment Rules

No. 06-052

The Director of the Department of Consumer and Business Services, under the general rulemaking authority in ORS 656.726(4), and in accordance with the procedure provided by ORS 183.335, amends OAR chapter 436, division 009, “Oregon Medical Fee and Payment Rules.”

On January 13, 2006, the Workers’ Compensation Division filed with the Secretary of State a Notice of Proposed Rulemaking Hearing and Statement of Need and Fiscal Impact. The division mailed copies of the Notice and Statement to interested persons and legislators in accordance with ORS 183.335 and OAR 436-001-0009, and posted copies to its Web site. The Secretary of State included notice of the public hearing in its February 2006 Oregon Bulletin.

On February 21, 2006, a public hearing was held as announced. In addition, the record was held open for written testimony through February 24, 2006. Public testimony is on file and available for public inspection upon request during regular business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, in the Administrator’s Office, Workers’ Compensation Division, Labor & Industries Building, 350 Winter Street NE, PO Box 14480, Salem, Oregon 97309-0405.

RULE SUMMARY

By adoption of these amended rules, we:

- Replace all references to “usual and customary fees” with “usual fees” (because the prior term is sometimes inappropriately used to describe what is usual and customary in the marketplace, not just for the specific provider);
- Adopt by reference updated medical resources (436-009-0004):
  - Centers for Medicare & Medicaid Services 2006 Medicare Resource-Based Relative Value Scale Addendum B "Relative Value Units (RVUs) and Related Information" except the "status indicators," and Addendum C "Codes with Interim RVUs," 70 Federal Register No. 223, November 21, 2005 as the fee schedule for payment of medical service providers except as otherwise provided in the rules;
  - American Society of Anesthesiologists (ASA), Relative Value Guide 2006 as a supplementary fee schedule for payment of anesthesia service providers except as otherwise provided in the rules for anesthesia codes not found in the Federal Register; and
- Allow, but do not require, use of the Healthcare Common Procedure Coding System (HCPCS) (436-009-0010(4));
- Clarify discounting for late billings (436-009-0010(5));
- Clarify procedures for separating hospital outpatient charges subject to the hospitals cost/charge ratio from all other charges (436-009-0020(2));
- Add to medical data reporting criteria provider-type codes for ambulatory surgical center, home health care, nursing home care, psychologist, and radiologist (no new data fields) (436-009-0030);
Order of Adoption
OAR chapter 436, division 009

- Clarify that a pre-operative visit related to elective surgery need not be “immediate” to be included in the global value of the surgical procedure (436-009-0050(3));
- Increase physician assistants’ and nurse practitioners’ fees from 10% to 15% of the surgeon’s allowable fee for a surgical procedure; (436-009-0050(3));
- Modify the Oregon-specific codes for medical arbiter examinations from “A” to “AR” codes (e.g. OSC-AR001), because some current codes match the national HCPCS codes for ambulance services (436-009-0070);
- Define (for purpose of clarification) “prosthetic,” “orthosis,” and “medical supplies” (436-009-0080);
- Require insurers to pay for durable medical equipment at 85% of the manufacturer's suggested retail (MSRP) price; if MSRP is not available, the insurer must pay the provider 140% of the actual cost to the provider as documented by a sales receipt (436-009-0022 & 0080).

FINDINGS

Having reviewed and considered the record and being fully informed, I make the following findings:

a) The applicable rulemaking procedures have been followed.
b) These rules are within the director’s authority.
c) The rules being adopted are a reasonable administrative interpretation of the statutes and are required to carry out statutory responsibilities.

IT IS THEREFORE ORDERED THAT

1) Amendments to OAR chapter 436, as set forth in Exhibit "A", are attached, incorporated by reference, and adopted on this 14th day of March 2006, to be effective April 1, 2006.
2) A certified copy of the adopted rules will be filed with the Secretary of State.
3) A copy of the amended rules with revision marks will be filed with the Legislative Counsel under ORS 183.715 within ten days after filing with the Secretary of State.

DATED this 14th day of March 2006.

(a) ASA means American Society of Anesthesiologists

(b) ASC means ambulatory surgical center

(c) CARF means Commission on Accreditation of Rehabilitation Facilities

(d) CMS means Centers for Medicare & Medicaid Services ([formerly HCFA, Health Care Financing Administration])

(e) CPT® means Current Procedural Terminology

(f) DME means Durable Medical Equipment

(g) DMSO means Dimethyl sulfoxide

(h) EDI means Electronic Data Interchange

(i) HCFA means Health Care Financing Administration ([former name of CMS])

(j) HCPCS means Healthcare Common Procedure Coding System

(k) ICD-9-CM means International Classification of Diseases, Ninth Revision, Clinical Modification, Vol. 1, 2 & 3

(l) JCAHO means Joint Commission on Accreditation of Healthcare Organizations

(m) MCO means Managed Care Organization

(n) NCPDP means National Council for Prescription Drug Programs

(o) OSC means Oregon specific code
Administration of Rules

Any orders issued by the division in carrying out the director's authority to enforce ORS chapter 656 and OAR chapter 436 [the rules adopted pursuant there to], are considered orders of the director.

Administrative Review Before the Director

(1)(a) The director has exclusive jurisdiction to resolve all disputes concerning medical services including treatment, medical fees and non-payment of compensable medical bills. The director may, on the director's own motion, initiate a medical service review at any time. A party need not be represented to participate in the administrative review before the director.

(b) Any party may request the director provide voluntary [mediation] alternative dispute resolution after a request for administrative review or hearing is filed. When a dispute is resolved by agreement of the parties to the satisfaction of the director, the director will put the agreement in writing; or the parties shall put any agreement [shall be reduced to] in writing [and] for approval by the director. If the dispute does not resolve through [mediation] alternative dispute resolution, the [director's] will issue an order[shall be issued].

(2) The medical provider, injured worker, or insurer may request review by the director in the event of a dispute about either the amount of a fee or non-payment of bills for medical services on a compensable injury. The following time frames and conditions apply to requests for administrative review before the director under this rule:

(a) For all MCO enrolled claims where a party disagrees with an action or decision of the MCO, the aggrieved party shall first apply to the MCO for dispute resolution within 30 days pursuant to OAR 436-015-0110. When the aggrieved party is a represented worker, and the worker's attorney has given written notice of representation, the 30 day time frame begins when the attorney receives written notice or has actual knowledge of the dispute. Administrative
review by the director must be requested within 60 days of receipt of the MCO’s final decision under the MCO’s dispute resolution process. If a party has been denied access to the MCO dispute process or the process has not been completed for reasons beyond a party’s control, the party may request director review within 60 days of the failure of the MCO process. If the MCO does not have a process for resolving fee and billing disputes, the insurer shall advise the medical provider or worker that they may request review by the director.

(b) For all claims not enrolled in an MCO, or for disputes which do not involve an action or decision of the MCO, the aggrieved party must request administrative review by the director within 90 days of the date the party knew, or should have known, there was a dispute over the provision of medical services. This time frame only applies if the aggrieved party other than the insurer is given written notice that they have 90 days in which to request administrative review by the director. When the aggrieved party is a represented worker, and the worker’s attorney has given written notice of representation, the 90 day time frame begins when the attorney receives written notice or has actual knowledge of the dispute. For purposes of this rule, the date the insurer should have known of the dispute is the date action on the bill was due pursuant to OAR 436-009-0030. Filing a request for administrative review under this rule may also be accomplished in the manner prescribed in OAR chapter 438, division 005.

(c) [The director may, on the director’s own motion, initiate a medical services review at any time.]

(d) Under ORS 656.704(3)(c), when there is a formal denial of the underlying condition or a denial of the causal relationship between the medical service and the accepted condition, the issue may first be decided by the Hearings Division of the Workers’ Compensation Board.

3. Parties must submit requests for administrative review to the director in the form and format prescribed by the director. When an insurer or the worker’s representative submits a request without the required information, at the director’s discretion the administrative review may not be initiated until the information is submitted. Unrepresented workers may contact the director for help in meeting the filing requirements. The requesting party must simultaneously notify all other interested parties of the dispute, and their representatives, if known, as follows:

(a) Identify the worker’s name, date of injury, insurer, and claim number.

(b) Specify the issues in dispute and the relief sought.

(c) Provide the specific dates of the unpaid disputed treatment or services.

(d) If the request for review is submitted by either the insurer or medical provider, it shall state specific code(s) of service(s) in dispute and include sufficient documentation to support the review request, including but not limited to copies of original [HCFA.]CMS bills, chart notes, bill analyses, operative reports, any correspondence between the parties regarding the dispute, and any other documentation necessary to evaluate the dispute. The insurer or medical provider requesting review shall certify that they have provided all involved parties [have been provided] a copy of:

(A) [The request for review; and

(B) Any attached supporting documentation; and[.]

(C) [If known, an indication of whether or not there is an issue of causation or
compensability of the underlying claim or condition.

(4) The division will investigate the matter upon which review was requested.

(a) The investigation may include, but not be limited to, request for and review of pertinent medical treatment and payment records, interviews with the parties to the dispute, or consultation with an appropriate committee of the medical provider's peers.

(b) Upon receipt of a written request for additional information, the party must respond within 14 days to respond.

(c) A dispute may be resolved by agreement between the parties to the dispute. When the parties agree, the director may issue a letter of agreement in lieu of an administrative order, which will become final on the 10th day after the letter of agreement is issued unless the agreement specifies otherwise. Once the agreement becomes final, the director may revise the agreement or reinstate the review only under one or more of the following conditions:

(A) A party fails to honor the agreement;

(B) The agreement was based on misrepresentation;

(C) Implementation of the agreement is not feasible because of unforeseen circumstances; or

(D) All parties request revision or reinstatement.

(5) The director may on the director’s own motion reconsider or withdraw any order that has not become final by operation of law. A party may also request reconsideration of an administrative order upon an allegation of error, omission, misapplication of law, incomplete record, or the discovery of new information which could not reasonably have been discovered and produced during the review. The director may grant or deny a request for reconsideration at the director’s sole discretion. A request must be mailed to the director before the administrative order becomes final.

(6) Hearings before an administrative law judge: Under ORS 656.704(2), any party that disagrees with an action or order of the director under these rules may request a hearing by filing a request for hearing in OAR 436-001-0019 within 30 days of the mailing date of the order or notice of action. OAR 436-001 applies to the hearing.

(7) Contested case hearings of sanction and civil penalties: Under ORS 656.740 , any party that disagrees with a proposed order or proposed assessment of a civil penalty issued by the director under ORS 656.254, or 656.745 may request a hearing by the Hearings Division of the Workers' Compensation Board as described in OAR 436-010-0008.[(15)](14).

(8) Director’s administrative review of other actions: Any party seeking an action or decision by the director or aggrieved by an action taken by any other party, not covered under sections (1) through (7) of this rule, according to these rules, may request administrative review by the director. Any party may request administrative review as follows:

(a) A written request for review must be sent to the administrator of the Workers' Compensation Division within 90 days of the disputed action and must specify the grounds upon which the action is contested.
(b) The division may require and allow such input and information as it deems appropriate to complete the review.

(c) [A][The] director[s] may issue an order [may be issued] and will specify if the order is final or if it may be appealed [in accordance with] under section (6) of this rule.

436-009-0010 General Requirements for Medical Billings

1 Only treatment that falls within the scope and field of the practitioner's license to practice will be paid under a worker's compensation claim.

2 All medical providers shall submit bills to the insurer or managed care organization, as provided by their contract for medical services, on a current UB92 or [HCFA/]CMS 1500 form, except for:

(a) Dental billings which shall be submitted on American Dental Association dental claim forms;

(b) Pharmacy billings, which shall be submitted on the most current National Council for Prescription Drug Programs (NCPDP) form;

(c) EDI transmissions of medical bills [pursuant to] under OAR 436-009-0030(3)(c).

Computer-generated reproductions of these forms may also be used. Billings shall include the worker's full name, date of injury, the employer's name and, if available, the insurer's claim number.

3 (a) All original medical provider billings shall be accompanied by legible chart notes documenting services which have been billed, and identifying the person performing the service and license number of person providing the service. Medical doctors are not required to provide their medical license number if they are already providing other identification such as a federal tax reporting identification number[.] or Unique Provider Identification Number (UPIN).

(b) When processing billings via EDI, the insurer may waive the requirement that billings be accompanied by chart notes. The insurer remains responsible for payment of only compensable medical services. The medical provider may submit their chart notes separately or at regular intervals as agreed with the insurer.

4 Codes listed in CPT® 200[5]6 or Oregon Specific Codes (OSC) shall be used when billing medical services. All billings shall be fully itemized and include ICD-9-CM codes.
Services shall be identified by the code numbers and descriptions provided in these rules. A “zz” qualifier shall be used when billing electronically for services that use Oregon Specific Codes.

(a) If there is no specific code for the medical service, the medical provider shall use the appropriate unlisted code at the end of each medical service section of CPT® 2005 and provide a description of the service provided. Providers may use the appropriate HCPCS code in the description.

(b) Any service not identifiable with a code number shall be adequately described by report.

(5) [Billings for treatment shall be rendered at reasonable intervals not to exceed 60 days following treatment. Late billings may be subject to discounts, not to exceed 10 percent for each 30 day period or fraction thereof, beyond 60 days, provided the medical provider has notice or knowledge of the responsible workers’ compensation insurer or processing agent.] Medical providers must send billings for medical services within 60 days of the date of service. Late billings may be discounted by the insurer up to 10 percent of the remaining balance if the medical provider has received notice or knowledge of the responsible workers’ compensation insurer or processing agent. The discount may be taken every 30 days for late billings.

(6) When rebilling, medical providers shall indicate that the charges have been previously billed.

(7) The medical provider shall bill their usual fee charged to the general public. The submission of the bill by the medical provider shall serve as a warrant that the fee submitted is the usual fee of the medical provider for the services rendered. The department shall have the right to require documentation from the medical provider establishing that the fee under question is the medical provider's usual fee charged to the general public. For purposes of this rule, "general public" means any person who receives medical services, except those persons who receive medical services subject to specific billing arrangements allowed under the law which require providers to bill other than their usual fee.

(8) Medical providers shall not submit false or fraudulent billings, including billing for services not provided. As used in this section, "false or fraudulent" shall mean an intentional deception or misrepresentation issued with the knowledge that the deception could result in unauthorized benefit to the provider or some other person. [The medical provider shall not bill for services not provided.]

(9) When a worker with two or more separate compensable claims receives treatment for more than one injury or illness, costs shall be divided among the injuries or illnesses, irrespective of whether there is more than one insurer.

(10) Workers may make a written request to a medical provider to receive copies of medical billings. Upon receipt of a request, the provider may furnish the worker a copy during the next billing cycle, but in no event later than 30 days following receipt of the request. Thereafter, worker copies shall be furnished during the regular billing cycle.

436-009-0015 Limitations on Medical Billings

(1) An injured worker \(\text{shall} \) is not \(\text{liable} \) to pay for any medical service related to an accepted compensable injury or illness or any amount reduced by the insurer \(\text{pursuant} \) according to OAR chapter 436. A medical provider shall not attempt to collect payment for any medical service from an injured worker, except as follows:

(a) When the injured worker seeks treatment for conditions not related to the accepted compensable injury or illness;

(b) When the injured worker seeks treatment that has not been prescribed by the attending physician or authorized nurse practitioner, or a specialist physician upon referral of the attending physician or authorized nurse practitioner. This would include, but not be limited to, ongoing treatment by non-attending physicians in excess of the 30 day/12 visit period or by nurse practitioners in excess of the 90 day period, as set forth in ORS 656.245 and OAR 436-010-0210;

(c) When the injured worker seeks palliative care that is either not compensable or not authorized by the insurer or the director \(\text{pursuant to} \) under OAR 436-010-0290, after the worker has been provided notice that the worker is medically stationary;

(d) When the injured worker seeks treatment outside the provisions of a governing MCO contract after insurer notification in accordance with OAR 436-010-0275; or

(e) When the injured worker seeks treatment after being notified that such treatment has been determined to be unscientific, unproven, outmoded, or experimental.

(2) A medical provider may not charge any fee for completing a medical report form required by the director under this chapter or for providing chart notes required by OAR 436-009-0010(3) of this rule.

(3) The medical provider may not charge a fee for \(\text{the preparation of a written treatment plan and the supplying of progress notes that document the services billed as they are integral parts of the fee for the medical service.} \)

(4) No fee \(\text{shall be paid} \) is payable for the completion of a work release form or completion of a PCE form where no tests are performed.

(5) No fee is payable for a missed appointment except a closing examination or an appointment arranged by the insurer or for a Worker Requested Medical Examination. Except as provided in OAR 436-009-0070(9)(d) and (10)(d), when the worker fails to appear without providing the medical provider at least 24 hours notice, the medical provider shall be paid at 50...
percent of the examination or testing fee.

(6) Pursuant to ORS 656.245 (3), the director has excluded from compensability the following medical treatment. While these services may be provided, medical providers shall not be paid for the services or for treatment of side effects.

(a) Dimethyl sulfoxide (DMSO), except for treatment of compensable interstitial cystitis,
(b) Intradiscal electrothermal therapy (IDET)
(c) Surface EMG (electromyography) tests,
(d) Rolfing,
(e) Prolotherapy, and
(f) Thermography.

(7) Only one office visit code may be used for each visit except for those code numbers relating specifically to additional time.

(8) Mechanical muscle testing may be paid a maximum of three times during a treatment program when prescribed and approved by the attending physician or authorized nurse practitioner: once near the beginning, once near the middle, and once near the end of the treatment program. Additional mechanical muscle testing shall be paid for only when authorized in writing by the insurer prior to the testing. The fee for mechanical muscle testing includes a copy of the computer printout from the machine, written interpretation of the results, and documentation of time spent with the patient.

(9)(a) When a physician or authorized nurse practitioner provides services in hospital emergency or outpatient departments which are similar to services that could have been provided in the physician's or authorized nurse practitioner's office, such services shall be identified by CPT® codes and paid according to the fee schedule.

(b) When a worker is seen initially in an emergency department and is then admitted to the hospital for inpatient treatment, the services provided immediately prior to admission shall be considered part of the inpatient treatment. Diagnostic testing done prior to inpatient treatment shall be considered part of the hospital services subject to the hospital fee schedule.

(10) Physician assistant, authorized nurse practitioner, or out-of-state nurse practitioner fees shall be paid at the rate of 85 percent of a physician's allowable fee for a comparable service. The bills for services by these providers must be marked with modifier "-81". Chart notes shall document when medical services have been provided by a physician assistant or nurse practitioner.

(11) Except as otherwise provided in OAR 436-009-0070, when a medical provider is asked to prepare a report, or review records or reports prepared by another medical provider, insurance carrier or their representative, the medical provider should bill for their report or review of the records utilizing CPT® Codes such as 99080. Refer to specific code definitions in the CPT® for other applicable codes. The billing should include the actual time spent reviewing the records or reports.

436-009-0020 Hospital Fees

(1) Hospital inpatient charges billed to insurers shall include ICD-9-CM diagnostic and procedural codes. Unless otherwise provided for by a governing MCO contract, insurers shall pay hospitals for inpatient services using the current adjusted cost/charge ratio (see Bulletin 290). For purposes of this rule, hospital inpatient services include, but are not limited to, those bills coded "111" through "118" in space #4 on the UB92 billing form. The audited bill shall be multiplied by the hospital's adjusted cost/charge ratio to determine the allowable payment.

(2) Hospital outpatient charges billed to insurers shall include ICD-9-CM diagnostic and procedural codes, CPT®, HCPCS codes, and National Drug Codes (NDC), where applicable. Unless otherwise provided for by a governing MCO contract, insurers shall pay hospitals for outpatient services according to the following: the insurer shall first separate out and pay charges for services covered by physicians and other licensed medical service providers assigned a code under the CPT® and assigned a value in RBRVS for physician fees. These charges must be subtracted from the total bill and the adjusted cost/charge ratio should be applied only to the balance. For all outpatient therapy services (physical therapy, occupational therapy, and speech language pathology), use the non-facility total column. All other charges billed using both the hospital name and tax identification number will be paid as if provided by the hospital.

(3) Each hospital's CMS 2552 form and financial statement shall be the basis for determining its adjusted cost/charge ratio. If a current form is not available, then financial statements may be used to develop estimated data. If the adjusted cost/charge ratio is determined from estimated data, the hospital will receive the lower ratio of either the hospital's last published cost/charge ratio or the hospital's cost/charge ratio based on estimated data.

(a) The basic cost/charge ratio shall be developed by dividing the total net expenses for allocation shown on Worksheet A, and as modified in subsection (b), by the total patient revenues from Worksheet G-2.

(b) The net expenses for allocation derived from Worksheet A shall be modified by adding, from Worksheet A-8, the expenses for:

(A) Provider-Based physician adjustment;

(B) Patient expenses such as telephone, television, radio service, and other expenses determined by the department to be patient-related expenses; and

(C) Expenses identified as for physician recruitment.

(c) The basic cost/charge ratio shall be further modified to allow a factor for bad debt and
the charity care provided by each hospital. The adjustment for bad debt and charity care is calculated in two steps. Step one: Add the dollar amount for net bad debt to the dollar amount for charity care. Divide this sum by the dollar amount of the total patient revenues, from Worksheet G-2, to compute the bad debt and charity ratio. Step two: Multiply the bad debt and charity ratio by the basic cost/charge ratio calculated in subsection (3)(a) to obtain the factor for bad debt and charity care.

(d) The basic cost/charge ratio shall be further modified to allow an adequate return on assets. The director will determine a historic real growth rate in the gross fixed assets of Oregon hospitals from the audited financial statements. This real growth rate[,] and the projected growth in a national fixed weight price deflator will be added together to form a growth factor. This growth factor will be multiplied by the total fund balance, from Worksheet G of each hospital's [HCFA/]CMS 2552 to produce a fund balance amount. The fund balance amount is then divided by the total patient revenues from Worksheet G-2, to compute the fund balance factor.

(e) The factors resulting from subsections (3)(c) and (3)(d) of this rule will be added to the ratio calculated in subsection (3)(a) of this rule to obtain the adjusted cost/charge ratio. In no event will the adjusted cost/charge ratio exceed 1.00.

(f) The adjusted cost/charge ratio for each hospital will be revised annually, at a time based on their fiscal year, as described by bulletin. Each hospital shall submit a copy of their [HCFA/]CMS 2552 and financial statements each year within 150 days of the end of their fiscal year to the Information Management Division, Department of Consumer and Business Services. The adjusted cost/charge ratio schedule will be published by bulletin twice yearly, [to be] effective for the six-month period beginning April 1[,] and [to be effective for] the six-month period beginning October 1.

(g) For [those] newly formed or established hospitals for which no [HCFA/]CMS 2552 has been filed or for which there is insufficient data, or for those hospitals that do not file Worksheet G-2 with the submission of their [HCFA/]CMS 2552, the division shall determine an adjusted cost/charge ratio for the hospital based upon the adjusted cost/charge ratios of a group of hospitals of similar size [and/or] geographic location.

(h) If the financial circumstances of a hospital unexpectedly [and/or] dramatically change, the division may revise the hospital's adjusted cost/charge ratio to allow equitable payment.

(i) If audit of a hospital's [HCFA/]CMS 2552 by the CMS produces significantly different data from that obtained from the initial filing, the division may revise the hospital's adjusted cost/charge ratio to reflect the data developed subsequent to the initial calculation.

(j) Notwithstanding subsections (c) through (i) of this section, the cost/charge ratio shall be 1.000 for out-of-state hospitals, unless a lower rate is negotiated between the insurer and the hospital.

(k) Notwithstanding sections (1) and (2) of this rule, the director may exclude rural hospitals from imposition of the adjusted cost/charge ratio based upon a determination of economic necessity. The rural hospital exclusion will be based on the financial health of the hospital reflected by its financial flexibility index, as originally developed by Dr. William Cleverley. All rural hospitals having a financial flexibility index at or below the
median for hospitals nationwide with a bond rating of BBB+, BBB, or BBB- will qualify for the rural exemption. Rural hospitals that are designated as critical access hospitals under the Oregon Medicare Rural Hospital Flexibility Program are automatically exempt from imposition of the adjusted cost/charge ratio.

436-009-0022 Ambulatory Surgical Center Fees

(1) An ambulatory surgical center (ASC) is any distinct entity licensed by the state of Oregon, and operated exclusively for the purpose of providing surgical services to patients not requiring hospitalization.

(a) Any ambulatory surgical center outside of Oregon must meet similar licensing requirements, or be certified by Medicare or a nationally recognized agency.

(b) Bills from an ASC shall be submitted on [HCFA] CMS 1500 form. The modifier “SG” shall be used to identify facility charges.

(2) Fees shall be paid at the provider's usual [and customary] fee, or in accordance with the fee schedule, whichever is less. For all MCO enrolled claims, payment of fees shall be as provided by the MCO contract, at the provider’s usual [and customary] fee, or according to the fee schedule, whichever is less.

(3) Payment shall be made using the Medicare ASC groups, except:

(a) Arthroscopies (CPT® codes 29819 through 29898 except 29888 and 29889) are paid as Group 6.

(b) Arthroscopies (CPT® codes 29888 and 29889) are paid as Group 7.

(c) Procedures not listed in the Medicare ASC groups shall be paid at the provider’s usual [and customary] rate.
(4) The ASC fee schedule is:

(5) The ASC fee includes services, such as:

(a) Nursing, technical, and related services;

(b) Use of the facility where the surgical procedure is performed;

(c) Drugs, biologicals, surgical dressings, supplies, splints, casts, and appliances and equipment directly related to the provision of the surgical procedure;

(d) Diagnostic or therapeutic services or items directly related to the provision of a surgical procedure;

(e) Administrative, record-keeping, and housekeeping items and services;

(f) Materials for anesthesia; [and]

(g) Supervision of the services of an anesthetist by the operating surgeon.

(6) The ASC fee does not include services, such as physicians' services, laboratory, x-ray or diagnostic procedures not directly related to the surgical procedure, prosthetic devices, orthotic devices, durable medical equipment (DME), and anesthetists' services. The insurer shall pay for prosthetic devices, orthotic devices, and DME as provided in OAR 436-009-0080.

(7) When multiple procedures are performed, the highest payment group shall be paid at 100% of the maximum allowed fee. Each additional procedure shall be paid at 50% of the maximum allowed fee.

Reimbursement of Related Services Costs

(1) The insurer shall notify the worker at the time of claim acceptance that actual and
reasonable costs for travel, prescriptions and other claim-related services paid by the worker will be reimbursed by the insurer upon request. The insurer may require reasonable documentation to support the request. Insurers shall date stamp requests for reimbursement upon receipt and shall reimburse the costs within 30 days of receiving the worker’s written request and supporting documentation, if the request clearly shows the costs are related to the accepted compensable injury or disease. If the insurer cannot determine if the costs are related to the accepted compensable injury or disease, the insurer shall inform the worker what information is needed before the request for reimbursement can be processed. On deferred claims, requests which are at least 30 days old at the time of claim acceptance become due immediately upon claim acceptance and shall be paid within 14 days. If there is a claim for aggravation or a new medical condition on an accepted claim, reimbursement of related services is not due and payable until the aggravation or new medical condition is accepted. If the claim is denied, requests for reimbursement shall be returned to the worker within 14 days.

(2) Reimbursement of the costs of meals, lodging, public transportation and use of a private vehicle reimbursed at the rate of reimbursement for State of Oregon classified employees, as published in Bulletin 112, complies with this section. Except, reimbursement may exceed these rates where special transportation or lodging is needed.

(3) Requests for reimbursement of related services costs must be received by the insurer within two years of the date the costs were incurred or within two years of the date the claim or medical condition is finally determined compensable, whichever date is later. The insurer may disapprove requests for reimbursement received beyond the two year period as being untimely requested.

(4) Requests for reimbursement denied as unreasonable or not related to the accepted compensable injury or disease shall be returned to the worker within 30 days of the date of receipt by the insurer. The insurer shall provide the worker an explanation of the reason for nonpayment and advise the worker of the right to appeal the insurer’s decision by requesting administrative review before the director, pursuant to OAR 436-009-0008.

(5) Pursuant to ORS 656.325(1)(c) and OAR 436-060-0095(5)(f), the insurer shall reimburse the worker for costs related to the worker’s attendance at an independent medical examination regardless of the acceptance, deferral, or denial of the claim.

Insurer’s Duties and Responsibilities

(1) The insurer shall pay for medical services related to a compensable injury claim, except as provided by OAR 436-060-0055.

(2) The insurer, or its designated agent, may request from the medical provider, any and all necessary records needed to review accuracy of billings. The medical provider may charge an appropriate fee for copying documents in accordance with OAR 436-009-0070(1). If the evaluation of the records must be conducted on-site, the provider shall furnish a reasonable work-site for the records to be reviewed at no cost. These records shall be provided or made
available for review within 14 days of a request.

(3) Insurers shall date stamp medical bills and reports upon receipt and pay bills for medical services on accepted claims within 45 days of receipt of the bill, if the billing is submitted in proper form in accordance with OAR 436-009-0010(2) through (4) and clearly shows that the treatment is related to the accepted compensable injury or disease. Billings not submitted in the proper form must be returned to the medical provider within 20 days of receipt of the bill. The number of days between the date the insurer returns the billing or requests for chart notes from the provider and the date the insurer receives the corrected billing or chart notes, shall not apply toward the 45 days within which the insurer is required to make payment.

(a) The insurer shall retain a copy of each medical provider's bill received by the insurer or shall be able to reproduce upon request data relevant to the bill, including but not limited to, provider name, date of service, date the insurer received the bill, type of service, billed amount, coding submitted by the medical provider as described in OAR 436-009-0010(2), and insurer action, for any fee reduction other than a fee schedule reduction. This includes all bills submitted to the insurer even when the insurer determines no payment is due.

(b) Any service billed with a code number commanding a higher fee than the services provided shall be returned to the medical provider for correction or paid at the value of the service provided.

(c) When a medical provider renders a bill via EDI, it shall be considered "mailed" in accordance with OAR 436-010-0005.

(4) Payment of medical bills is required within 14 days of any action causing the service to be payable, or within 45 days of the insurer's receipt of the bill, whichever is later.

(5) Failure to pay for medical services timely may render insurer liable to pay a reasonable monthly service charge for the period payment was delayed, if the provider customarily levies such a service charge to the general public.

(6) When there is a dispute over the amount of a bill or the appropriateness of services rendered, the insurer shall, within 45 days, pay the undisputed portion of the bill and at the same time provide specific reasons for non-payment or reduction of each medical service code. Resolution of billing disputes shall be made in accordance with OAR 436-009-0008, 436-010-0008 and 436-015.

(7) Bills for medical services rendered at the request of the insurer and bills for information submitted at the request of the insurer, which are in addition to those required in OAR 436-010-0240 must shall be paid for within 45 days of receipt by the insurer even if the claim is denied.

(8) The insurer shall establish an audit program for bills for all medical services to determine that the bill reflects the services provided, that appropriate prescriptions and treatment plans are completed in a timely manner, that payments do not exceed the maximum fees adopted by the director, and that bills are submitted in a timely manner. The audit shall be continuous and shall include no fewer than 10 percent of medical bills. The insurer shall provide upon request
documentation establishing that the insurer is conducting a continuous audit of medical bills. This documentation shall include, but not be limited to, medical bills, internal audit forms, and any medical charge summaries prepared by private medical audit companies.

(9) The insurer must pay a medical provider for any bill related to the claimed condition received by the insurer on or before the date the terms of a disputed claim settlement (DCS) were agreed on, but was either not listed in the approved DCS or was not paid to the medical provider as set forth in the approved DCS. Payment must be made by the insurer as prescribed by ORS 656.313(4)(d) and OAR 438-009-0010(2)(g) as if the bill had been listed in the approved settlement or as set forth in the approved DCS, except if the DCS payments have already been made, the payment must not be deducted from the settlement proceeds. Payment must be made within 45 days of the insurer’s knowledge of the outstanding bill.

(10) Insurers that had at least 100 accepted disabling claims in the previous calendar year, as determined by the director, are required to submit detailed medical service billing data to the Information Management Division of the Department of Consumer and Business Services at 350 Winter St NE, Room 300, PO Box 14480, Salem OR 97309-0405. Once an insurer has reached the minimum number of accepted disabling claims, they must continue to report in subsequent years unless there is a significant decrease below the 100 claim minimum which is expected to continue. If the insurer drops below the 100 disabling claim level or encounters other significant hardships, the insurer may apply to the director for exemption from the reporting requirement. The reporting requirements are as follows:

(a) The director will notify the affected insurers when they reach the minimum. The transmission data and format requirements are included in Appendix A;

(b) The data shall include all payments made during each calendar quarter for medical services that are covered by the department's fee schedules. The following apply:

(A) Hospital Inpatient: Each hospital inpatient stay should be reported as one record summarizing all services related to the inpatient stay using provider type “HI.” Report ICD-9-CM procedure code in the service code field.

(B) Hospital Outpatient: Report at the individual service-code level using provider type “HO.” A service code, whether CPT®, HCPCS or other, is required on all “HO” records in addition to the ICD-9-CM diagnostic code.

(C) Adjustments to payments must be associated with specific services.

(c) The affected insurers shall submit the medical data within 45 days of the end of each calendar quarter. A grace period of two calendar quarters may be granted for revised requirements and also for insurers which are newly affected by these requirements. The calendar quarter due dates are as outlined in the table below:

(d) Technical Requirements: Data for each quarter calendar year must be transmitted as an individual file. Insurers transmitting data for more than one insurer may batch multiple insurer data files in one transmission. Data must be transmitted in electronic text files either on a 3.5 inch diskette, CD, or by file transfer protocol (FTP). Contact the Information Management Division (IMD) to arrange submission by FTP files or other electronic transmission methods. The record length must be fixed, 129 bytes, no packed fields, and in conformance with the records layout in Appendix A. Diskettes must be ASCII format, high density. Diskettes and CDs must have a physical label that indicates “Medical Data,” the name of the group submitting, the quarter reported, and the date the file was created. Include a cover letter in the same package with each diskette or CD. Contact IMD for e-mail cover letter instructions. The cover letter must include the label information and the following: a list of all insurance companies’ data included in the transmission; number of records; a contact person’s name, address, and telephone number; and any known problems with the data.

(e) Data Quality: The director will conduct electronic edits for blank or invalid data. Affected insurers are responsible for pre-screening the data they submit to check that all the required information is reported. Files which have more than five percent missing or invalid data in any field, based on initial computerized edits, will be returned to the insurer for correction and must be resubmitted within three weeks (21 days) from the date it was returned by the department.

(f) Audit Quality: The director may also conduct field audits of actual payments reported for individual claims. When an audit occurs, in order to be in compliance with this rule [and OAR 436-009-0025] audited data must have no more than 15 percent inaccurate data in any field.

436-009-0035  Interim Medical Benefits

(1) Interim medical benefits are not due on claims:

(a) When the worker is enrolled in an MCO prior to claim acceptance pursuant to ORS 656.245(4)(b)(B).

(b) When the insurer denies the claim within 14 days of the employer’s notice.

(c) With dates of injury prior to January 1, 2002.

(2) Interim medical benefits include:

(a) Diagnostic services required to identify appropriate treatment or prevent disability.

(b) Medication required to alleviate pain.

(c) Services required to stabilize the worker’s claimed condition and to prevent further disability. Examples of such services may include, but are not limited to: antibiotic or anti-inflammatory medication; physical therapy and other conservative therapies; and necessary surgical procedures.

(3) If the medical service provider has knowledge that the worker filed a work related claim, the medical service provider shall not collect health benefit plan co-payment from the worker.

(4) The medical service provider shall submit a copy of the bill to the workers’ compensation insurer in accordance with OAR 436-009-0010, and the health benefit plan(s) in accordance with the plan’s requirements.

(5) The insurer shall notify the medical service provider when an initial claim is denied.

(6) When the claim is denied, the medical service provider shall first bill the health benefit plan(s) with a copy of the workers’ compensation denial letter.

(7) After payment is received from the health benefit plan(s), the medical service provider may bill the workers’ compensation insurer, [pursuant]according to OAR 436-009-0010, for any remaining balance. The provider shall include a copy of the health benefit plan(s)” explanation of benefits with the bill. If the worker has no health benefit plan, the workers’ compensation insurer is not required to pay for interim medical benefits.

(8) The workers’ compensation insurer shall pay in accordance with the Oregon fee rules, any amount not reimbursed by the health benefit plan within 45 days of receipt of the bill with the health plan’s explanation of benefits, in accordance with OAR 436-009-0030 (6).
Calculating Medical Provider Fees

(1) **The insurer shall pay for** [medical services] at the provider’s usual and customary fee or in accordance with the fee schedule, whichever is less. **Insurers shall pay for medical services that have no fee schedule at the provider's usual fee.** For all MCO enrolled claims, **the insurer shall pay** for medical services at the provider’s usual and customary fee or according to the fee schedule, whichever is less, unless otherwise provided by MCO contract. Where there is no maximum payment established by the fee schedule, an insurer may challenge the reasonableness of a provider’s billing on a case by case basis by asking the director to review the billing under OAR 436-009-0008. If the director determines the amount billed is unreasonable, the director may establish a different fee to be paid to the provider based on at least one of, but not limited to, the following: reasonableness, the usual and customary fees of similar providers, the services provided in the specific case, fees for similar services in similar geographic regions, and any extenuating circumstances.

(2)(a) When using RBRVS, the RVU is determined by reference to the appropriate CPT® code. Where the procedure is performed inside the medical service provider’s office, use Year 2006 non-facility total column. Where the procedure is performed outside the medical service provider’s office, use Year 2006 facility total column. Use the global column to identify the follow up days when applicable. For all outpatient therapy services (physical therapy, occupational therapy, and speech language pathology), use the Year 2006 non-facility total column. No other column applies.

(b) When an Oregon Specific Code is assigned, the RVU for multidisciplinary program services is found in OAR 436-009-0060(5), or for other services in OAR 436-009-0070(12).

(c) When using the [ASA] American Society of Anesthesiologists Relative Value Guide, a basic unit value is determined by reference to the appropriate Anesthesia code. The anesthesia value includes the basic unit value, time units, and modifying units.

(3) Payment according to the fee schedule shall be determined by multiplying the assigned RVU or basic unit value by the applicable conversion factor. Where the code is designated by an RVU of "0.00" or IC (individual consideration) for Anesthesia codes, the insurer shall pay at the provider’s usual and customary rate.

(4) The table below lists the conversion factors to be applied to services, assigned an RVU, rendered by all medical professionals.

436-009-0050   CPT® Sections

Each CPT® section has its own schedule of relative values, completely independent of and unrelated to any of the other sections. The definitions, descriptions, and guidelines found in CPT® shall be used as guides governing the descriptions of services, except as otherwise provided in these rules. The following provisions are in addition to those provided in each section of CPT®:

1. Evaluation and Management services.
2. Anesthesia services.
   a. In calculating the units of time, use 15 minutes per unit. If a medical provider bills for a portion of 15 minutes, round the time up to the next 15 minutes and pay one unit for the portion of time.
   b. Anesthesia basic unit values are to be used only when the anesthesia is personally administered by either a licensed physician or nurse anesthetist who remains in constant attendance during the procedure for the sole purpose of rendering such anesthesia service.
   c. When a regional anesthesia is administered by the attending surgeon, the value shall be the "basic" anesthesia value only without added value for time.
   d. When the surgeon or attending physician administers a local or regional block for anesthesia during a procedure, the modifier "NT" (no time) shall be noted on the bill.
   e. Local infiltration, digital block, or topical anesthesia administered by the operating surgeon is included in the relative value unit for the surgical procedure.
3. Surgery services.
   a. When a worker is scheduled for elective surgery, the pre-operative visit, in the hospital or elsewhere, necessary to examine the patient, complete the hospital records, and initiate the treatment program is included in the listed global value of the surgical procedure. If the procedure is not elective, the physician is entitled to payment for the initial evaluation of the worker in addition to the global fee for the surgical procedure(s) performed.
   b. When an additional surgical procedure(s) is carried out within the listed period of follow-up care for a previous surgery, the follow-up periods will continue concurrently to their normal terminations.
   c. Multiple surgical procedures performed at the same session shall be paid as follows:
      A. When multiple surgical procedures are performed by one surgeon, the principal procedure is paid at 100 percent of the maximum allowable fee, the secondary and all subsequent
procedures are paid at 50 percent of the maximum allowable fee. A diagnostic arthroscopic procedure performed preliminary to an open operation, is considered a secondary procedure and paid accordingly.

(B) When multiple arthroscopic procedures are performed, the major procedure shall be paid at no more than 100 percent of the value listed in these rules and the subsequent procedures paid at 50 percent of the value listed.

(C) When more than one surgeon performs surgery, each procedure shall be billed separately. The maximum allowable fee for each procedure, as listed in these rules, shall be reduced by 25 percent. When the surgeons assist each other throughout the operation, each is entitled to an additional fee of 20 percent of the other surgeon's allowable fee as an assistant's fee. When the surgeons do not assist each other, and a third physician assists the surgeons, the third physician is entitled to the assistant's fee of 20 percent of the surgeons' allowable fees.

(D) When a surgeon performs surgery following severe trauma that requires considerable time, and the surgeon does not think the fees should be reduced under the multiple surgery rule, the surgeon may request special consideration by the insurer. Such a request must be accompanied by written documentation and justification. Based on the documentation, the insurer may pay for each procedure at 100 percent.

(E) When a surgical procedure is performed bilaterally, the modifier "-50" shall be noted on the bill for the second side, and paid at 50% of the fee allowed for the first side.

(d) Physician assistants or nurse practitioners shall be paid at the rate of [10%]15 percent of the surgeon's allowable fee for the surgical procedure(s). The bills for services by these providers shall be marked with a modifier "-81." Chart notes shall document when medical services have been provided by a physician assistant or nurse practitioner.

(e) Other surgical assistants who are self-employed and work under the direct control and supervision of a physician shall be paid at the rate of 10 percent of the surgeon’s allowable fee for the surgical procedure(s). The operation report shall document who assisted.

(4) Radiology services.

(a) In order to be paid, x-ray films must be of diagnostic quality and include a report of the findings. Billings for 14" x 36" lateral views shall not be paid. [Billings for X-rays shall not be paid without a report of the findings.]

(b) When multiple areas are examined by computerized axial tomography (CAT) scan, magnetic resonance angiography (MRA) or magnetic resonance imaging (MRI), the first area examined shall be paid at 100 percent, the second area at 50 percent, and the third and all subsequent areas at 25 percent of these rules.

(5) Pathology and Laboratory services.

(a) The laboratory and pathology conversion factor applies only when there is direct physician involvement.

(b) Laboratory fees shall be billed in accordance with ORS 676.310. If any physician submits a bill for laboratory services that were performed in an independent laboratory, the bill shall show the amount charged by the laboratory and any service fee that the physician charges.
(6) Medicine services.

(7) Physical Medicine and Rehabilitation services.
   (a) Increments of time for a time-based CPT® code shall not be prorated.

   (b) Payment for modalities and therapeutic procedures shall be limited to a total of three separate CPT®-coded services per day. CPT® codes 97001, 97002, 97003, or 97004 are not subject to this limit. An additional unit of time (15 minute increment) for the same CPT® code is not counted as a separate code.

   (c) All modality codes requiring constant attendance (97032, 97033, 97034, 97035, 97036, and 97039) are time-based. Chart notes must clearly indicate the time treatment begins and the time treatment ends for the day.

   (d) CPT® codes 97010 through 97028 shall not be paid unless they are performed in conjunction with other procedures or modalities which require constant attendance or knowledge and skill of the licensed medical provider.

   (e) When multiple treatments are provided simultaneously by a machine, device or table there shall be a notation on the bill that treatments were provided simultaneously by a machine, device or table and there shall be one charge.

436-009-0060 Oregon Specific Code, Multidisciplinary Services

(1) Services provided by multidisciplinary programs not otherwise described by CPT® codes shall be billed under Oregon[.]-Specific Codes. Electronic billings shall include a “zz” modifier as provided in OAR 436-009-0010.

(2) Treatment in a chronic pain management program, physical rehabilitation program, work hardening program, or a substance abuse program shall not be paid unless the program is accredited for that purpose by the Commission on Accreditation of Rehabilitation Facilities (CARF) or the Joint Commission on Accreditation of Healthcare Organizations (JCAHO).

   (a) Organizations which have applied for CARF accreditation, but have not yet received such accreditation, may receive payment for multidisciplinary programs upon providing evidence to the insurer that an application for accreditation has been filed with and acknowledged by CARF. Such organizations may provide multidisciplinary services under this section for a period of up to 6 months from the date CARF provided notice to the organization that the accreditation process has been initiated, or until such time as CARF accreditation has been received or denied, whichever occurs first.

   (b) Notwithstanding OAR 436-009-0010(4), program fees for services within a multidisciplinary program may be used based upon written pre-authorization from the insurer.
Programs must identify the extent, frequency, and duration of services to be provided.

(c) All job site visits and ergonomic consultations must be preauthorized by the insurer.

(3) When an attending physician or authorized nurse practitioner approves a multidisciplinary treatment program for an injured worker, he or she must provide the insurer with a copy of the approved treatment program within 14 days of the beginning of the treatment program.

(4) Billings using the multidisciplinary codes must include copies of the treatment record which specifies the type of service rendered, the medical provider who provided the service, whether treatment was individualized or provided in a group session, and the amount of time treatment was rendered for each service billed.

### 436-009-0070 Oregon Specific Code, Other Services

1. **Except for records required in OAR 436-009-0010(3),** [c]opies of requested medical records shall be paid under OSC-R0001.

2. A brief narrative by the attending physician or authorized nurse practitioner, including a summary of treatment to date and current status, and, if requested, brief answers to one to five specific questions related to the attending physician's or authorized nurse practitioner's current or proposed treatment, shall be paid under OSC-N0001.

3. A complex narrative by the attending physician or authorized nurse practitioner, may include past history, history of present illness, attending physician's or authorized nurse practitioner’s treatment to date, current status, impairment, prognosis, and medically stationary information, shall be paid under OSC-N0002.

4. Fees for a PCE and a WCE shall be based upon the type of evaluation requested. The description of each level of evaluation and the maximum allowable payment shall be as follows:

   a. **FIRST LEVEL PCE:** This is a limited evaluation primarily to measure musculoskeletal components of a specific body part. These components include such tests as active range of motion, motor power using the 5/5 scale, and sensation. This level requires not less than 45 minutes of actual patient contact. A first level PCE shall be paid under OSC-99196 which includes the evaluation and report. Additional 15-minute increments may be added if multiple body parts are reviewed and time exceeds 45 minutes. Each additional 15 minutes shall be paid under OSC-99193 which includes the evaluation and report.

   b. **SECOND LEVEL PCE:** This is a PCE to measure general residual functional
capacity to perform work or provide other general evaluation information, including musculoskeletal evaluation. It may be used to establish Residual Functional Capacities for claim closure. This level requires not less than two hours of actual patient contact. The second level PCE shall be paid under OSC-99197 which includes the evaluation and report. Additional 15 minute increments may be added to measure additional body parts, to establish endurance and to project tolerances. Each additional 15 minutes shall be paid under OSC-99193 which includes the evaluation and report.

(c) WCE: This is a residual functional capacity evaluation which requires not less than 4 hours of actual patient contact. The evaluation may include a musculoskeletal evaluation for a single body part. A WCE shall be paid under OSC-99198 which includes the evaluation and report. Additional 15 minute increments (per additional body part) may be added to determine endurance (e.g. cardiovascular) or to project tolerances (e.g., repetitive motion). Each additional 15 minutes shall be paid under OSC-99193 which includes the evaluation and report. Special emphasis should be given to:

(A) The ability to perform essential physical functions of the job based on a specific job analysis as related to the accepted condition;
(B) The ability to sustain activity over time; and
(C) The reliability of the evaluation findings.

(5) When an attorney requires a consultation with a medical provider, the medical provider shall bill under OSC-D0001.

(6) The fee for a deposition shall be billed under OSC-D0002. This code should include time for preparation, travel and deposition. Payment of the hourly rate may be limited to a customary fee charged by similar providers.

(7) When an insurer obtains an [Insurer] Independent Medical Examination (IME)[.]

(a) [t]he medical service provider doing the IME shall bill under OSC-D0003. This code shall be used for a report, file review or examination[.]

(b) If the insurer asks the attending physician to review the IME report and respond, the attending physician shall bill for the time spent reviewing and responding using OSC-D0019. Billing should include documentation of time spent.

(8) The fee for interpretive services shall be billed under OSC-D0004.

(9) Fees for all arbiters and panel of arbiters used for director reviews pursuant to OAR 436-030-0165 shall be established by the director. This fee determination will be based on the complexity of the examination, the report requirements and the extent of the record review. The level of each category is determined by the director based on the individual complexities of each case as compared to the universe of claims in the medical arbeiter process. When the examination is scheduled, the director shall notify the medical arbeiter and the parties of the authorized fee for that medical arbeiter review based on a combination of separate components.
a) Level 1 OSC-A[0]R001 Exam
    Level 2 OSC-A[0]R002 Exam
    Level 3 OSC-A[0]R003 Exam
    Limited OSC-A[0]R004 Exam

As determined by the director, a level 1 exam generally involves a basic medical exam with no complicating factors. A level 2 exam generally involves a moderately complex exam and may have complicating factors. A level 3 exam generally involves a very complex exam and may have several complicating factors. A limited exam generally involves a newly accepted condition, or some other partial exam.

b) Level 1 OSC-A[0]R011 Report
    Level 2 OSC-A[0]R012 Report
    Level 3 OSC-A[0]R013 Report

As determined by the director, a level 1 report generally includes standard questions. A level 2 report generally includes questions regarding complicating factors. A level 3 report generally includes questions regarding multiple complicating factors.

c) Level 1 OSC-A[0]R021 File Review
    Level 2 OSC-A[0]R022 File Review
    Level 3 OSC-A[0]R023 File Review
    Level 4 OSC-A[0]R024 File Review
    Level 5 OSC-A[0]R025 File Review

As determined by the director, a level 1 file review generally includes review of a limited record. A level 2 file review generally includes review of an average record. A level 3 file review generally includes review of a large record or disability evaluation without an exam. A level 4 file review generally includes an extensive record. A level 5 file review generally includes an extensive record with unique factors.

(d) The ... fee determined by the director.

(e) If the director determines that a supplemental medical arbiter report is necessary to clarify information or address additional issues, an additional report fee may be established. The fee is based on the complexity of the supplemental report as determined by the director. The additional fees are established as follows:

    Limited OSC-A[0]R031
    Complex OSC-A[0]R032
(f) Prior to completion of the reconsideration process, the medical arbiter may request the director to redetermine the authorized fee by providing the director with rationale explaining why the physician believes the fee should be different than authorized.

(g) The director may authorize testing which shall be paid according to OAR 436-009.

(h) Should an advance of costs be necessary for the worker to attend a medical arbiter exam, a request for advancement shall be made in sufficient time to ensure a timely appearance. After receiving a request, the insurer must advance the costs in a manner sufficient to enable the worker to appear on time for the exam. If the insurer believes the request is unreasonable, the insurer shall contact the director in writing. If the director agrees the request is unreasonable, the insurer may decline to advance the costs. Otherwise, the advance must be made timely as required in this subsection.

(10) A single physician selected pursuant to ORS 656.327 or 656.260, to review treatment, perform reasonable and appropriate tests, or examine the worker, and submit a report to the director shall be paid at an hourly rate up to a maximum of 4 hours for record review and examination.

(a) The physician will be paid for preparation and submission of the report. Billings for services by a single physician shall be billed under OSC-P0001 for the examination and under OSC-P0003 for the report.

(b) Physicians selected pursuant to OAR 436-010-0008, to serve on a panel of physicians shall each receive payment based on an hourly rate up to a maximum of 4 hours for record review and panel examination. Each physician shall bill for the record review and panel examination under OSC-P0002. The panel member who prepares and submits the panel report shall receive an additional payment under OSC-P0003.

(c) The director may in a complex case requiring extensive review by a physician pre-authorize an additional fee. Complex case review shall be billed under OSC-P0004.

(d) If a worker fails to appear for a director required examination without providing the physician with at least 48 hours notice, each physician shall bill under OSC-P0005.

(e) Should an advance of costs be necessary for the worker to attend an exam under ORS 656.327 or 656.260, a request for advancement shall be made in sufficient time to ensure a timely appearance. After receiving a request, the insurer must advance the costs in a manner sufficient to enable the worker to appear on time for the exam. If the insurer believes the request is unreasonable, the insurer shall contact the director in writing. If the director agrees the request is unreasonable, the insurer may decline to advance the costs. Otherwise, the advance must be made timely as required in this subsection.

(11) The fee for a Worker Requested Medical Examination shall be billed under OSC-W0001. This code shall be used for a report, file review, or examination.

436-009-0080 Durable Medical Equipment and Medical Supplies

1. Durable medical equipment (DME) is equipment that is primarily and customarily used to serve a medical purpose, can withstand repeated use, could normally be rented and used by successive patients, is appropriate for use in the home, and not generally useful to a person in the absence of an illness or injury. For example: Transcutaneous Electrical Nerve Stimulation (TENS), MicroCurrent Electrical Nerve Stimulation (MENS), home traction devices, heating pads, reusable hot/cold packs, etc.

Fees for durable medical equipment shall be paid as follows:

(a) The insurer shall pay for the purchase of all compensable DME and other devices that are ordered and approved by the physician, at 85% of the manufacturer's suggested retail price (MSRP). If no MSRP is available, the insurer shall pay the provider 140% of the actual cost to the provider for the item as documented on a receipt of sale.

(b) The DME provider shall be entitled to payment for any labor and reasonable expenses directly related to any subsequent modifications other than those performed at the time of purchase, or repairs. A subsequent modification is one done other than as a part of the initial set-up at the time of purchase. The insurer shall pay for labor at the provider's usual rate.

(c) The provider may offer a service agreement at an additional cost.

(d) Rental of all compensable DME and other devices shall be billed at the provider's usual rate. Within 90 days of the beginning of the rental, the insurer may purchase the DME or device at the fee provided in this rule, with a credit for rental paid up to 2 months.

2. Prosthetic is an artificial substitute for a missing body part or any device.
aiding performance of a natural function. For example: hearing aids, eye glasses, crutches, wheelchairs, scooters, artificial limbs, etc. The insurer shall pay the [f]ee[s] for [all] a prosthetic[s] as defined in OAR 436-010-0230 (12), orthotics, and other medical supplies shall be] at the provider's usual rate [listed as 0.00].

(a) Testing for hearing aids must be done by a licensed audiologist or an otolaryngologist.

(b) Based on current technology, the preferred types of hearing aids for most workers are programmable BTE, ITE, and CIC multi channel. Any other types of hearing aids needed for medical conditions will be considered based on justification from the attending physician or authorized nurse practitioner.

(c) Without approval from the insurer or director, hearing aids should not exceed $5000[.00] for a pair of hearing aids, or $2500[.00] for a single hearing aid.

(3) An orthosis is an orthopedic appliance or apparatus used to support, align, prevent or correct deformities, or to improve the function of a moveable body part. For example: brace, splint, shoe insert or modification, etc. The insurer shall pay the fee for an orthosis at the provider's usual rate.

(4) Medical supplies are materials that may be reused multiple times by the same person, but a single supply is not intended to be used by more than one person, including, but not limited to incontinent pads, catheters, bandages, elastic stockings, irrigating kits, sheets, and bags. The insurer shall pay the fees for medical supplies at the provider's usual rate.

(5) The worker [shall have the right to] may select the service provider, except for claims enrolled in a managed care organization (MCO) where service providers are specified by the MCO contract.

(6) Except as provided in subsection (2)(c) of this rule, this rule [shall] does not apply to a worker's direct purchase of DME and medical supplies, and [shall] does not limit a worker's right to reimbursement for actual out-of-pocket expenses pursuant to under OAR 436-009-0025.

(7) DME, medical supplies and other devices dispensed by a hospital (inpatient or outpatient) shall be billed and paid pursuant according to OAR 436-009-0020.

436-009-0090 Pharmacy Fees

(1) Except for in-patient hospital charges, the insurer shall pay for pharmacy fees [shall be paid] at the provider's usual [and customary] rate or the maximum allowable fee established by this rule, whichever is the lower.

(a) The Average Wholesale Price (AWP) effective on the day the drug was dispensed
shall be used to determine the maximum allowable fee.

(b) The maximum allowable fee is determined as follows:

(A) For generic drugs and for brand name drugs without a generic equivalent, 88% of the AWP for the dispensed drug plus $8.70 dispensing fee.

(B) For brand name drugs with a generic equivalent, if the prescribing medical service provider writes “Do not substitute” or a similar notation on the prescription, 88% of the AWP for the dispensed drug plus $8.70 dispensing fee.

(C) For brand name drugs with a generic equivalent, if the prescribing medical service provider did not write “Do not substitute” or a similar notation on the prescription, the lower of 88% of the AWP for the dispensed drug plus $8.70 dispensing fee, or 88% of the average AWP for the class of generic drugs plus $8.70 dispensing fee, or, in the event that the pricing guides have not established an average AWP, 88% of the calculated average AWP of the generic drugs listed in the pricing guide plus $8.70 dispensing fee.

(c) All providers who are licensed to dispense medications in accordance with their practice must be paid similarly regardless of profession.

(2) All prescription medications are required medical services and do not require prior approval under the palliative care provisions of OAR 436-010-0290.

(3) Under ORS 689.515(2) licensed providers may dispense generic drugs to injured workers.

(4) Payment for Oxycontin and COX-2 inhibitors is limited to an initial five-day supply unless the prescribing medical service provider writes a clinical justification for prescribing that drug rather than a less costly drug with a similar therapeutic effect.

(a) The clinical justification may accompany the prescription and be submitted by the pharmacist or may be given directly to the insurer by the medical provider.

(b) Clinical justification means a written document from the medical service provider stating the reason he or she believes the drug ordered is the one the patient should have. The justification may be included on the prescription itself and may simply be a brief statement. Insurers and self-insured employers cannot challenge the adequacy of the clinical justification. However, they can challenge whether or not the medication is excessive, inappropriate, or ineffectual in accordance with ORS 656.327.

(c) An additional clinical justification is not necessary for refills of that medication.

(5) Insurers shall use the prescription pricing guide published by First DataBank Inc, Thomson Healthcare, Inc., or Facts & Comparisons (a Wolters Kluwer Health, Inc., Company) for calculating payments to the licensed provider. Insurers must update their source at least monthly.

(6) The worker may select the pharmacy, except for claims enrolled in a managed care organization (MCO) where pharmacy service providers are specified by the MCO contract.

(7) Except for sections 2, 3, 4 and 6 of this rule, this rule does not apply to a
worker's direct purchase of prescription medications, and [shall] do es not limit a worker's right to reimbursement for actual out-of-pocket expenses [pursuant to] under OAR 436-009-0025.

(8) The insurer shall [be required to] pay the retail-based fee for over-the-counter medications.

(9) Drugs dispensed by a hospital (inpatient or outpatient) shall [to] be billed and paid [pursuant] according to OAR 436-009-0020.

436-009-0100 Sanctions and Civil Penalties

The director may impose sanctions upon a medical provider or insurer for violation of OAR 436-009 in accordance with OAR 436-010-0340.

RULE SUMMARY  

These rules:  
- Replace all references to “usual and customary fees” with “usual fees” (because the prior term is sometimes inappropriately used to describe what is usual and customary in the marketplace, not just for the specific provider);  
- Adopt by reference updated medical resources (436-009-0004):  
  - Centers for Medicare & Medicaid Services 2006 Medicare Resource-Based Relative Value Scale Addendum B "Relative Value Units (RVUs) and Related Information" except the "status indicators," and Addendum C "Codes with Interim RVUs," 70 Federal Register No. 223, November 21, 2005 as the fee schedule for payment of medical service providers except as otherwise provided in the rules;  
  - American Society of Anesthesiologists (ASA), Relative Value Guide 2006 as a supplementary fee schedule for payment of anesthesia service providers except as otherwise provided in the rules for anesthesia codes not found in the Federal Register; and  

Page 37
Allow, but do not require, use of the Healthcare Common Procedure Coding System (HCPCS) (436-009-0010(4));

- Clarify discounting for late billings (436-009-0010(5));
- Clarify procedures for separating hospital outpatient charges subject to the hospital's cost/charge ratio from all other charges (436-009-0020(2));
- Add to medical data reporting criteria provider-type codes for ambulatory surgical center, home health care, nursing home care, psychologist, and radiologist (no new data fields) (436-009-0030);
- Clarify that a pre-operative visit related to elective surgery need not be “immediate” to be included in the global value of the surgical procedure (436-009-0050(3));
- Increase physician assistants’ and nurse practitioners’ fees from 10% to 15% of the surgeon’s allowable fee for a surgical procedure; (436-009-0050(3));
- Modify the Oregon-specific codes for medical arbiter examinations from “A” to “AR” codes (e.g. OSC-AR001), because some current codes match the national HCPCS codes for ambulance services (436-009-0070);
- Define (for purpose of clarification) “prosthetic,” “orthosis,” and “medical supplies” (436-009-0080);
- Require insurers to pay for durable medical equipment at 85% of the manufacturer's suggested retail (MSRP) price; if MSRP is not available, the insurer must pay the provider 140% of the actual cost to the provider as documented by a sales receipt (436-009-0022 & 0080).
