**Issue # 1**

**Rules: OAR 436-009 Appendix A, OAR 436-010 Appendix A, and OAR 436-010-0210**

**Issues:**

- [Enrolled House Bill \(HB\) 3412 \(2023\)](#) modifies ORS 656.005(12) to give physician assistants attending physician status for 180 days rather than the current 60 days, and allows physician assistants to authorize the payment of temporary disability compensation for 180 days rather than the current 30 days. Further, the bill removes the 18-visit limitation for the number of visits to a physician assistant.

**Background:**

- HB 3412 modifies ORS 656.005(12), in relevant part, as follows:
  - (12)(a) “Doctor” or “physician” means a person duly licensed to practice one or more of the healing arts in any country or in any state, territory or possession of the United States within the limits of the license of the licensee.
  - (b) Except as otherwise provided for workers subject to a managed care contract, “attending physician” means a doctor, physician or physician assistant who is primarily responsible for the treatment of a worker’s compensable injury and who is:
    - (A) A physician licensed under ORS 677.100 to 677.228 by the Oregon Medical Board, or a podiatric physician and surgeon licensed under ORS 677.805 to 677.840 by the Oregon Medical Board, an oral and maxillofacial surgeon licensed by the Oregon Board of Dentistry or a similarly licensed doctor in any country or in any state, territory or possession of the United States; *[or]*
    - (B) For a cumulative total of 60 days from the first visit on the initial claim or for a cumulative total of 18 visits, whichever occurs first, to any of the medical service providers listed in this subparagraph, a:
      - (i) Doctor or physician licensed by the State Board of Chiropractic Examiners for the State of Oregon under ORS chapter 684 or a similarly licensed doctor or physician in any country or in any state, territory or possession of the United States; or
      - [(ii) Physician assistant licensed by the Oregon Medical Board in accordance with ORS 677.505 to 677.525 or a similarly licensed physician assistant in any country or in any state, territory or possession of the United States; or]*
      - [(iii)]* **(ii)** Doctor of naturopathy or naturopathic physician licensed by the Oregon Board of Naturopathic Medicine under ORS chapter 685 or a similarly licensed doctor or physician in any country or in any state, territory or possession of the United States[.]; **or**
      - (C) For a cumulative total of 180 days from the first visit on the initial claim, a physician assistant licensed by the Oregon Medical Board in accordance with ORS**

**677.505 to 677.525 or a similarly licensed physician assistant in any country or in any state, territory or possession of the United States.**

\*\*\*

- Current rules refer to:
  - “Type A” attending physicians (medical doctor, doctor of osteopathic medicine, oral and maxillofacial surgeon, or podiatric physician and surgeon) as defined in ORS 656.005(12)(b)(A); and
  - “Type B” attending physicians (chiropractic physician, naturopathic physician, or physician assistant) as defined in current ORS 656.005(12)(b)(B).
- Based on HB 3412’s amendments to ORS 656.005(12)(b), physician assistants are no longer considered “Type B” attending physicians.

**Options:**

- Add physician assistants to the list of providers in OAR 436-010-0210(1) who may authorize temporary disability and manage medical services:
  - (b) Type A and B attending physicians, physician assistants, and authorized nurse practitioners may authorize temporary disability and manage medical services subject to the limitations of ORS chapter 656 or a managed care organization contract. (See Appendix A “Matrix for Health Care Provider Types”).
- Remove “physician assistants” from OAR 436-010-0210(2):
  - (2) Chiropractic Physicians; and Naturopathic Physicians, ~~Physician Assistants~~ (Type B providers).
- Create a new OAR 436-010-0210(3):
  - (3) Physician Assistant.
    - (a) Prior to providing any compensable medical service or authorizing temporary disability benefits under ORS 656.245, a physician assistant must certify to the director that the provider has reviewed a packet of materials provided by the director.
    - (b) Physician assistants may assume the role of attending physician for a cumulative total of 180 days from the first visit on the initial claim with any physician assistant.
    - (c) Physician assistants may authorize payment of temporary disability compensation for a period not to exceed 180 days from the date of the first visit on the initial claim to any physician assistant.
    - (d) Physician assistants may not make findings regarding the worker’s impairment for the purpose of evaluating the worker’s disability.
- Update Appendix A (Matrix for health care provider types) to divisions 009 and 010 to reflect the amended statutes. (See end of this issues document.)

**Issue # 2**

**Rule: OAR 436-010-0220(2)(c)(D) and (E), 436-010-0280(1) and (7)(b)**

**Issue:** Current rules are not consistent with statute amendments by HB 3412.

**Background:**

- Physician assistants are no longer considered “Type B” attending physicians. OAR 436-010-0220(2)(c) lists certain conditions where a change of attending physician or authorized nurse practitioner does not count towards the worker’s two changes by choice.
- HB 3412 amends ORS 656.245(2)(b)(D)(iii) as follows: “When an injured worker treating with a nurse practitioner **or physician assistant** authorized to provide compensable services under this section becomes medically stationary within the 180-day period in which the nurse practitioner **or physician assistant** is authorized to treat the injured worker, shall refer the injured worker to a physician qualified to be an attending physician as defined in ORS 656.005 for the purpose of making findings regarding the worker’s impairment for the purpose of evaluating the worker’s disability. If a worker returns to the nurse **practitioner or physician assistant** after initial claim closure for evaluation of a possible worsening of the worker’s condition, the nurse practitioner **or physician assistant** shall refer the worker to an attending physician and the insurer shall compensate the nurse practitioner **or physician assistant** for the examination performed.”

**Options:**

- Amend OAR 436-010-0220(2)(c)(D) to reflect that physician assistants are no longer considered “Type B” attending physician:  
“When the period for treatment or services by a type B attending physician, **a physician assistant**, or an authorized nurse practitioner has expired (See Appendix A “Matrix for Health Care Provider Types”);”
- Amend OAR 436-010-0220(2)(c)(E) to reflect the amendments to ORS 656.245(2)(b)(D)(iii):  
“When **the physician assistant** or the authorized nurse practitioner is required to refer the worker to an attending physician for a closing examination or because of a possible worsening of the worker’s condition following claim closure;”
- Amend OAR 436-010-0280(1) to reflect that physician assistants are no longer considered “Type B” attending physician:  
“When a worker becomes medically stationary and there is a reasonable expectation of permanent disability, the attending physician must complete a closing exam or refer the worker to a consulting physician for all or part of the closing exam. If the worker is under the care of an authorized nurse practitioner, **physician assistant**, or a ~~type B attending physician, other than a chiropractic~~”

- Amend OAR 436-010-0280(7)(b) to reflect that physician assistants are no longer considered “Type B” attending physician:

**Rule: OAR 436-010-0005(7), 436-015-0005(2), 436-015-0040(6), and 436-015-0070**

**Issue:** HB 3412 creates a new provision that allows a worker enrolled in a managed care organization (MCO) to choose a physician assistant as a come-along provider.

**Background:**

- Current ORS 656.245(5) provides:
  - (a) A nurse practitioner licensed under ORS 678.375 to 678.390 who is not a member of the managed care organization is authorized to provide the same level of services as a primary care physician as established by ORS 656.260 (4) if the nurse practitioner maintains the worker’s medical records and with whom the worker has a documented history of treatment, if that nurse practitioner agrees to refer the worker to the managed care organization for any specialized treatment, including physical therapy, to be furnished by another provider that the worker may require and if that nurse practitioner agrees to comply with all the rules, terms and conditions regarding services performed by the managed care organization.
  - (b) A nurse practitioner authorized to provide medical services to a worker enrolled in the managed care organization may provide medical treatment to the worker if the treatment is determined to be medically appropriate according to the service utilization review process of the managed care organization and may authorize temporary disability payments as provided in subsection (2)(b)(D) of this section. However, the managed care organization may authorize the nurse practitioner to provide medical services and authorize temporary disability payments beyond the periods established in subsection (2)(b)(D) of this section.
- HB 3412 replaces current ORS 656.245(5) with the following:
  - (a) A nurse practitioner, or a physician assistant described in ORS 656.005 (12)(b)(C), who is not a member of the managed care organization is authorized to provide the same level of services as a primary care physician as established by ORS 656.260 (4) if the nurse practitioner or physician assistant:**
    - (A) Maintains the worker’s medical records;**
    - (B) Has a documented history of treatment with the worker;**
    - (C) Agrees to refer the worker to the managed care organization for any specialized treatment, including physical therapy, to be furnished by another provider that the worker may require; and**
    - (D) Agrees to comply with all the rules, terms and conditions regarding services performed by the managed care organization.**
  - (b)(A) A nurse practitioner or physician assistant authorized to provide medical services to a worker enrolled in the managed care organization may:**
    - (i) Provide medical treatment to the worker if the treatment is determined to be medically appropriate according to the service utilization review process of the managed care organization; and**
    - (ii) Authorize temporary disability payments as provided in subsection (2)(b)(D) of this section.**

**(B) The managed care organization may also authorize the nurse practitioner or physician assistant to provide medical services and authorize temporary disability payments beyond the periods established in subsection (2)(b)(D) of this section.**

- OAR 436-015-0040(6) requires each MCO to report to the director denials and terminations of the authorization of come-along providers.
- OAR 436-015-0070 mandates MCOs to authorize come-along providers, and lists provider types and requirements.

**Options:**

- Amend the definition of “come-along provider” in OAR 436-010-0005(7) and 436-015-0005(2) as follows:
  - “**Come-along provider**” means a primary care physician, chiropractic physician, **physician assistant**, or an authorized nurse practitioner who is not a managed care organization (MCO) panel provider and who continues to treat the worker when the worker becomes enrolled in an MCO. (See OAR 436-015-0070.)
- Amend OAR 436-015-0040(6) to include physician assistants:
  - (6)** By April 30 of each year, each MCO must report to the director denials and terminations of the authorization of come-along providers. The MCO’s report must include the following:
    - (a)** Provider type (primary care physician, chiropractic physician, **physician assistant**, or authorized nurse practitioner) reported by geographic service area (GSA).
- Amend OAR 436-015-0070 to include physician assistants:
  - (1)** The MCO must authorize a physician, **physician assistant**, or nurse practitioner who is not an MCO panel provider to provide medical services to an enrolled worker if:
    - (a)** The nurse practitioner is an authorized nurse practitioner under ORS 656.245, the chiropractic physician **or physician assistant** has certified to the director that the chiropractic physician **or physician assistant** has reviewed required materials under ORS 656.799, or the physician is a primary care physician under ORS 656.260(4)(g);
    - (b)** The physician, **physician assistant**, or authorized nurse practitioner agrees to comply with MCO treatment standards, protocols, utilization review, peer review, dispute resolution, billing and reporting procedures, and fees for services under OAR 436-015-0090; and
    - (c)** The physician, **physician assistant**, or authorized nurse practitioner agrees to refer the worker to the MCO for specialized care that the worker may require, including physical therapy.
  - (2)** The physician, **physician assistant**, or authorized nurse practitioner who is not an MCO panel provider will be deemed to have maintained the worker’s medical records and established a documented history of treatment, if the physician’s, **physician assistant’s**, or nurse practitioner’s medical records show

treatment has been provided to the worker prior to the date of injury. Additionally, if a worker has selected a physician, physician assistant, or authorized nurse practitioner through a private health plan, prior to the date of injury, that selected provider will be deemed to have maintained the worker's medical records and established a documented history of treatment prior to the date of injury.

(3) The MCO may not limit the length of treatment authority of a come-along provider unless such limits are stated in ORS chapter 656.

(4) Notwithstanding section (1), for those workers receiving their medical services from a facility that maintains a single medical record on the worker, but provides treatment by multiple primary care or chiropractic physicians, physician assistants, or authorized nurse practitioners who are not MCO panel providers, the requirements of sections (1) and (2) will be deemed to be met. In this situation, the worker must select one primary care or chiropractic physician, physician assistant, or authorized nurse practitioner to treat the compensable injury.

(5) Any questions or disputes relating to the worker's selection of a physician, physician assistant, or authorized nurse practitioner who is not an MCO panel provider must be resolved under OAR 436-015-0110.

(6) Any disputes relating to a come-along provider's or other non-MCO provider's compliance with MCO standards and protocols must be resolved under OAR 436-015-0110.

**Issue # 4**

**Rule: OAR 436-015-0030(6)**

**Issue:** HB 3412 authorizes physician assistants to provide the same level of service as nurse practitioners for workers' compensation claims in a managed care organization setting.

**Background:**

- OAR 436-015-0030(6)(b) requires the MCO to have a process that allows workers to select an authorized nurse practitioner. If the MCO has fewer than three authorized nurse practitioners within a GSA or the MCO is unable to provide a list of three authorized nurse practitioners willing to treat a worker within a reasonable period of time, the MCO must allow the worker to seek treatment outside the MCO from an authorized nurse practitioner, consistent with the MCO's treatment and utilization standards and ORS 656.245(2)(b)(D).
- Current rule does not entail such a requirement for physician assistants.

**Options:**

- Create a new subsection to OAR 436-015-0030(6):  
**(c) A process that allows workers to select a physician assistant. If the MCO has fewer than three physician assistants within a GSA or the MCO is unable to provide a list of three physician assistants willing to treat a worker within a reasonable period of time, the MCO must allow the worker to seek treatment outside the MCO from a physician assistant, consistent with the MCO's treatment and utilization standards and ORS 656.245(2)(b)(D). Such physician assistants cannot be required to comply with the terms and conditions regarding services performed by the MCO. These physician assistants are not bound by the MCO's treatment and utilization standards, however, workers are subject to those standards.**

**Issue # 5**

**Rule: OAR 436-009-0110(1) and 436-010-0225**

**Issue:** Under [Enrolled HB 2696 \(2023\)](#), only a licensed sign language interpreter may provide signed language interpretation services. Additionally, only a licensed medical sign language interpreter may provide signed language interpretation services in a medical setting. Current administrative rules allow a worker to choose an interpreter, including sign language interpreter, who is not a licensed medical sign language interpreter.

**Background:**

- HB 2696 establishes the State Board of Sign Language Interpreters within the Health Licensing Office.
- Under HB 2696, the Health Licensing Office may issue a medical sign language interpreter license to an applicant who meets the requirements established by the State Board of Sign Language Interpreters.
- HB 2696 provides that only a licensed medical sign language interpreter may provide signed language interpreter services in a medical setting.
- OAR 436-009-0110(1) and 436-010-0225(1) provide:

A worker may choose a person to communicate with a medical provider when the worker and the medical provider speak different languages, including sign language. The worker may choose a family member, a friend, an employee of the medical provider, or someone who provides interpreter services as a profession. However, a representative of the worker’s employer may not provide interpreter services. The medical provider may disapprove of the worker’s choice at any time the medical provider feels the interpreter services are not improving communication with the worker, or feels the interpretation is not complete or accurate.
- Under HB 2696, a worker may continue to choose “a family member, a friend, an employee of the medical provider, or someone who provides interpretation services as a profession” as a sign language interpreter; however, such interpreters must be licensed sign language interpreters.

**Options:**

- Amend OAR 436-009-0110(1)(a) and 436-010-0225(1) as follows:

A worker may choose a person to communicate with a medical provider when the worker and the medical provider speak different languages, including sign language. The worker may choose a family member, a friend, an employee of the medical provider, or someone who provides interpreter services as a profession. **However, for signed language interpretation services, the worker may only choose an interpreter who is a medical sign language interpreter licensed under Oregon Laws 2023, chapter XX {to be assigned}, section 6.** ~~However, a~~ A representative of the worker’s employer may not provide any interpreter services. ## 436-009-0110 Interpreters

### (1) Choosing an Interpreter.

(a) A patient-worker may choose a person to communicate with a medical provider when the patient-worker and the medical provider speak different languages, including sign language. The patient-worker may choose a family member, a friend, an employee of the medical provider, or an interpreter. However, for signed language interpretation services, the worker may only choose an interpreter who is a medical sign language interpreter licensed under Oregon Laws 2023, chapter XX{to be assigned – see Enrolled HB 2696 (2023)}, section 6.a A representative of the worker’s employer may not provide interpreter services. The medical provider may disapprove of the patient’s-worker’s choice at any time the medical provider feels the interpreter services are not improving communication with the patient-worker, or feels the interpretation is not complete or accurate.

(b) When a worker asks an insurer to arrange for interpreter services, the insurer must:

(A) For interpretation services, other than signed language interpretation services, use a certified or qualified health care interpreter listed on the Oregon Health Care Interpreter Registry of the Oregon Health Authority available at: <http://www.oregon.gov/OHA/OEI/Pages/HCI-Program.aspx>. The interpreter’s certification or qualification must be in effect on the date the interpreter services are provided. If no certified or qualified health care interpreter is available, the insurer

For the purpose of this rule, “mileage” means the number of miles traveling from the interpreter’s starting point to the exam or treatment location and back to the interpreter’s starting point.

(A) The patient-worker fails to attend the appointment; or

(B) The provider has to cancel or reschedule the appointment.

(e) If interpreters do not know the workers’ compensation insurer responsible for the claim, they may contact the division at 503-947-7814. They may also access insurance policy information at <http://www4.cbs.state.or.us/ex/wcd/cov/index.cfm>.

  - (C) 60 days after any litigation affecting the compensability of the service is final, if the interpreter receives written notice of the final litigation from the insurer.
- (b) If the interpreter bills past the timelines outlined in subsection (a) of this section, the interpreter may be subject to civil penalties as provided in ORS 656.254 and OAR 436-010-0340.

## **436-010-0210    Attending Physician, Authorized Nurse Practitioner, and Temporary Disability Authorization**

(1) An attending physician or authorized nurse practitioner is primarily responsible for the patient's care, authorizes temporary disability, and prescribes and monitors ancillary care and specialized care.

(a) No later than five days after becoming a patient's attending physician or authorized nurse practitioner, the provider must notify the insurer using [Form 827](#). Regardless of whether Form 827 is filed, the facts of the case and the actions of the provider determine if the provider is the attending physician or authorized nurse practitioner.

(b) Type A and B attending physicians, [physician assistants](#), and authorized nurse practitioners may authorize temporary disability and manage medical services subject to the limitations of ORS chapter 656 or a managed care organization contract. (See Appendix A "Matrix for Health Care Provider Types")

(c) Except for emergency services, or otherwise provided for by statute or these rules, all treatments and medical services must be approved by the worker's attending physician or authorized nurse practitioner.

### **(2) Chiropractic Physicians, [and Naturopathic Physicians, \[Physician Assistants\]\(#\) \(Type B providers\).](#)**

(a) Prior to providing any compensable medical service or authorizing temporary disability benefits under ORS 656.245, a type B provider must certify to the director that the provider has reviewed a packet of materials provided by the director.

(b) Type B providers may assume the role of attending physician for a cumulative total of 60 days or 18 visits, whichever occurs first, from the first visit on the initial claim with any type B provider.

(c) Type B providers may authorize payment of temporary disability compensation for a period not to exceed 30 days from the date of the first visit on the initial claim to any type B provider.

**DEPARTMENT OF CONSUMER AND BUSINESS SERVICES**  
**WORKERS' COMPENSATION DIVISION**  
***DRAFT proposed* MEDICAL SERVICES RULES**

---

(d) Except for chiropractic physicians serving as the attending physician at the time of claim closure, type B providers may not make findings regarding the worker's impairment for the purpose of evaluating the worker's disability.

### **(3) Physician Assistants.**

(a) Prior to providing any compensable medical service or authorizing temporary disability benefits under ORS 656.245, a physician assistant must certify to the director that the provider has reviewed a packet of materials provided by the director.

(b) Physician assistants may assume the role of attending physician for a cumulative total of 180 days from the date of the first visit on the initial claim with any physician assistant.

(c) Physician assistants may authorize payment of temporary disability compensation for a period not to exceed 180 days from the date of the first visit on the initial claim to any physician assistant.

(d) Physician assistants may not make findings regarding the worker's impairment for the purpose of evaluating the worker's disability.

### **(34) Emergency Room Physicians.**

Emergency room physicians may authorize temporary disability for no more than 14 days when they refer the patient to a primary care physician. If an emergency room physician sees a patient in the physician's private practice apart from their duties as an emergency room physician, the physician may be the attending physician.

### **(45) Authorized Nurse Practitioners.**

(a) In order to provide any compensable medical service, a nurse practitioner licensed in Oregon under ORS 678.375 to 678.390 must review a packet of materials provided by the division and complete the statement of authorization. (See [www.oregonwcdoc.info](http://www.oregonwcdoc.info)) Once the nurse practitioner has completed the statement of authorization, the division will assign an authorized nurse practitioner number.

(b) An authorized nurse practitioner may:

(A) Provide compensable medical services to an injured worker for a period of 180 days from the date of the first visit with a nurse practitioner on the initial claim. Thereafter, medical services provided by an authorized nurse practitioner are not compensable without the attending physician's authorization; and

(B) Authorize temporary disability benefits for a period of up to 180 days from the date of the first nurse practitioner visit on the initial claim.

**(56) Unlicensed to Provide Medical Services.**

Attending physicians may prescribe services to be carried out by persons not licensed to provide a medical service or treat independently. These services must be rendered under the physician's direct control and supervision. Home health care provided by a patient's family member is not required to be provided under the direct control and supervision of the attending physician if the family member demonstrates competency to the satisfaction of the attending physician.

**(67) Out-of-State Attending Physicians.**

The worker may choose an attending physician outside the state of Oregon with the approval of the insurer. When the insurer receives the worker's request or becomes aware of the worker's request to treat with an out-of-state attending physician, the insurer must give the worker written notice of approval or disapproval of the worker's choice of attending physician within 14 days. If an approved out-of-state attending physician does not comply with OAR 436-009 or 436-010, the insurer may withdraw approval of the attending physician.

(a) If the insurer approves the worker's choice of out-of-state attending physician, the insurer must immediately notify the worker and the physician in writing of the following:

- (A) The Oregon medical fee and payment rules, OAR 436-009;
- (B) The manner in which the out-of-state physician may provide compensable medical treatment or services to Oregon workers; and
- (C) That the insurer cannot pay bills for compensable services above the Oregon fee schedule.

(b) If the insurer disapproves the worker's out-of-state attending physician or withdraws a prior approval, the insurer must send the worker written notice that:

- (A) Clearly states the reasons for the disapproval or withdrawal of the prior approval, for example, the out-of-state physician's refusal to comply with OAR 436-009 and 436-010;
- (B) Identifies at least two other physicians of the same healing art and specialty in the same area that the insurer would approve;
- (C) Informs the worker that if the worker disagrees with the disapproval or withdrawal, the worker may request approval from the director under OAR 436-010-0220; and
- (D) Informs the worker that the worker may be liable for payment of services provided after the date of notification if the worker receives further medical services from the disapproved or no longer approved out-of-state physician.

(c) If the insurer withdraws approval of the out-of-state attending physician, the insurer must notify the physician of the following in writing:

WORKERS' COMPENSATION DIVISION

---

- (A) The reasons for withdrawing the approval;
  - (B) That any future services provided by that physician will not be paid by the insurer; and
  - (C) That the worker may be liable for payment of services provided after the date of notification.
- (d) The worker or worker's representative may request approval from the director under OAR 436-010-0220 if the worker disagrees with the insurer's decision to:
- (A) Disapprove an out-of-state attending physician; or
  - (B) Withdraw the approval of the out-of-state attending physician.

## **436-010-0220      Choosing and Changing Medical Providers**

(1) The worker may have only one attending physician or authorized nurse practitioner at a time. Concurrent treatment or services by other medical providers, including specialist physicians, must be sufficiently different that separate medical skills are needed for proper care, and must be based on a written referral by the attending physician or authorized nurse practitioner. The referral must specify any limitations and a copy must be sent to the insurer. A specialist physician is authorized to provide or order all compensable medical services and treatment the physician considers appropriate, unless the referral is for a consultation only. The attending physician or authorized nurse practitioner continues to be responsible for authorizing temporary disability even if the specialist physician is providing or authorizing medical services and treatment. Physicians who provide the following services are not considered attending physicians:

- (a) Emergency services;
- (b) Insurer or director requested examinations;
- (c) A Worker Requested Medical Examination;
- (d) Consultations or referrals for specialized treatment or services initiated by the attending physician or authorized nurse practitioner; and
- (e) Diagnostic studies provided by radiologists and pathologists upon referral.

### **(2) Changing Attending Physician or Authorized Nurse Practitioner.**

The worker may choose to change attending physician or authorized nurse practitioner only twice after the initial choice. When the worker requests a referral by the attending physician

---

or authorized nurse practitioner to another attending physician or authorized nurse practitioner, the change will count as one of the worker's choices. The limitation of the worker's right to choose attending physicians or authorized nurse practitioners begins with the date of injury and extends through the life of the claim. The following are not considered changes of attending physician or authorized nurse practitioner initiated by the worker and do not count toward the worker's two changes:

- (a) When the worker has an attending physician or authorized nurse practitioner who works in a group setting/facility and the worker sees another group member due to team practice, coverage, or on-call routines;
- (b) When the worker's attending physician or authorized nurse practitioner is not available and the worker sees a medical provider who is covering for that provider in their absence; or
- (c) When the worker is required to change attending physician or authorized nurse practitioner due to conditions beyond the worker's control. This could include, but is not limited to:
  - (A) When the attending physician or authorized nurse practitioner terminates practice or leaves the area;
  - (B) When the attending physician or authorized nurse practitioner is no longer willing to treat the worker;
  - (C) When the worker moves out of the area requiring more than a 50 mile commute to the attending physician or authorized nurse practitioner;
  - (D) When the period for treatment or services by a type B attending physician, [a physician assistant](#), or an authorized nurse practitioner has expired (See Appendix A "Matrix for Health Care Provider Types");
  - (E) When the [physician assistant or](#) authorized nurse practitioner is required to refer the worker to an attending physician for a closing examination or because of a possible worsening of the worker's condition following claim closure;
  - (F) When the worker becomes subject to a managed care organization (MCO) contract and must change to an attending physician or authorized nurse practitioner on the MCO's panel;
  - (G) When the worker who, at the time of MCO enrollment was required to change attending physician or authorized nurse practitioner, is disenrolled from an MCO; or
  - (H) When the worker has to change because their attending physician or authorized nurse practitioner is no longer qualified as an attending physician or authorized to continue providing compensable medical services.

### **(3) Insurer Notice to the Worker.**

**DEPARTMENT OF CONSUMER AND BUSINESS SERVICES**  
**WORKERS' COMPENSATION DIVISION**  
***DRAFT proposed* MEDICAL SERVICES RULES**

---

When the worker has changed attending physicians or authorized nurse practitioners twice by choice or has reached the maximum number of changes established by the MCO, the insurer must notify the worker by certified mail that any additional changes by choice must be approved by the insurer or the director. If the insurer fails to provide such notice and the worker later chooses another attending physician or authorized nurse practitioner, the insurer must pay for compensable medical services rendered prior to notice to the worker. The insurer must notify the newly selected provider that the worker was not allowed to change attending physician or authorized nurse practitioner without approval of the insurer or director, and therefore any future services will not be paid. The insurer must pay for appropriate medical services rendered prior to this notification.

**(4) Worker Requesting Additional Changes of Attending Physician or Authorized Nurse Practitioner.**

(a) If a worker not enrolled in an MCO has changed attending physicians or authorized nurse practitioners by choice twice (or for MCO enrolled workers, the maximum allowed by the MCO) and wants to change again, the worker must request approval from the insurer. The worker must make the request in writing or by signing [Form 827](#). The insurer must respond to the worker within 14 days of receiving the request whether the change is approved. If the insurer objects to the change, the insurer must:

(A) Send the worker a written explanation of the reasons;

(B) Send the worker [Form 2332](#) (Worker's Request to Change Attending Physician or Authorized Nurse Practitioner); and

(C) Inform the worker that the worker may request director approval by sending [Form 2332](#) to the director.

(b) When the worker submits a request to the director for an additional change of attending physician or authorized nurse practitioner, the director may request, in writing, additional information. If the director requests additional information, the parties must respond in writing within 14 days of the director's request.

(c) The director will issue an order advising whether the request for change of attending physician or authorized nurse practitioner is approved. On a case-by-case basis the director will consider circumstances, such as:

(A) Whether there is medical justification for a change, e.g., whether the attending physician or authorized nurse practitioner can provide the type of treatment or service that is appropriate for the worker's condition.

(B) Whether the worker has moved to a new area and wants to establish an attending physician or authorized nurse practitioner closer to the worker's residence.

(d) Any party that disagrees with the director's order may request a hearing by filing a request for hearing as provided in OAR 436-001-0019 within 30 days of the mailing date of the order.

### **(5) Managed Care Organization (MCO) Enrolled Workers.**

(a) An MCO enrolled worker must choose:

(A) A panel provider unless the MCO approves a non-panel provider, or

(B) A “come-along provider” who provides medical services subject to the terms and conditions of the governing MCO.

(b) Notwithstanding subsection (a) of this section, if a worker is unable to find three providers that are willing to treat the worker in a category of providers listed in OAR 436-015-0030(6)(a) and (b) in the worker’s geographic service area (GSA), the worker may contact the MCO for a list of three providers who are willing to treat the worker. If the MCO, within a reasonable period of time, is unable to provide a list of three providers who are willing to treat the worker, the worker may choose a non-panel provider in that category.

(c) Notwithstanding subsection (a) of this section, if the MCO has fewer than three providers in a category of providers listed in OAR 436-015-0030(6)(a) and (b) in the worker’s GSA, the worker may choose a non-panel provider in that category.

## **436-010-0225 Choosing a Person to Provide Interpreter Services**

(1) A worker may choose a person to communicate with a medical provider when the worker and the medical provider speak different languages, including sign language. The worker may choose a family member, a friend, an employee of the medical provider, or someone who provides interpreter services as a profession. However, [for signed language interpretation services, the worker may only choose an interpreter who is a medical sign language interpreter licensed under Oregon Laws 2023, chapter XX{to be assigned – see Enrolled HB 2696 \(2023\)}, section 6.a](#) A representative of the worker’s employer may not provide interpreter services. The medical provider may disapprove of the worker’s choice at any time the medical provider feels the interpreter services are not improving communication with the worker, or feels the interpretation is not complete or accurate.

(2) When a worker asks an insurer to arrange for interpreter services, the insurer must:

(a) [For interpretation services, other than signed language interpretation services,](#) use a certified or qualified health care interpreter listed on the Oregon Health Care Interpreter Registry of the Oregon Health Authority, available at:

<http://www.oregon.gov/OHA/OEI/Pages/HCI-Program.aspx>. The interpreter’s certification or qualification must be in effect on the date the interpreter services are

provided. If no certified or qualified health care interpreter is available, the insurer may schedule an interpreter of its choice subject to the limits in section (1) of this rule.

(b) For signed language interpretation services, use a sign language interpreter licensed under Oregon Laws 2023, chapter XX{to be assigned – see Enrolled HB 2696 (2023)}.

(3) For the purpose of this rule, interpreter services means the act of orally translating between a medical provider and a patient who speak different languages, including sign language. It includes reasonable time spent waiting at the location for the medical provider to examine or treat the patient as well as reasonable time spent on necessary paperwork for the provider's office.

## **436-010-0230 Medical Services and Treatment Guidelines**

(1) Medical services provided to the worker must not be more than the nature of the compensable injury or the process of recovery requires. Services that are unnecessary or inappropriate according to accepted professional standards are not reimbursable.

(2) If the provider's chart notes do not provide evidence of frequency, extent, and efficacy of treatment and services, the insurer may request additional information from the provider.

(3) All medical service providers must notify the patient at the time of the first visit of how they can provide compensable medical services and authorize temporary disability. Providers must also notify patients that they may be personally liable for noncompensable medical services. Such notification should be made in writing or documented in the patient's medical record.

### **(4) Consent to Attend a Medical Appointment.**

(a) An employer or insurer representative, such as a nurse case manager, may not attend a patient's medical appointment without written consent of the patient. The patient has the right to refuse such attendance.

(A) The consent form must be written in a way that allows the patient to understand it and to overcome language or cultural differences.

(B) The consent form must state that the patient's benefits cannot be suspended if the patient refuses to have an employer or insurer representative present.

(C) The insurer must keep a copy of the signed consent form in the claim file.

(b) The patient or the medical provider may refuse to allow an employer or insurer representative to attend an appointment at any time, even if the patient previously signed

a consent form. The medical provider may refuse to meet with the employer or insurer representative.

**(5) Request for Records at a Medical Appointment.**

The medical provider may refuse to provide copies of the patient's medical records to the insurer representative without proof that the person is representing the insurer. The provider may charge for any copies that are provided.

**(6) Requesting a Medical Provider Consultation.**

The attending physician, authorized nurse practitioner, or the MCO may request a consultation with a medical provider regarding conditions related to an accepted claim. MCO-requested consultations that are initiated by the insurer, which include an exam of the worker, must be considered independent medical exams under OAR 436-010-0265.

**(7) Ancillary Services – Treatment Plan.**

(a) Ancillary medical service providers include but are not limited to physical or occupational therapists, chiropractic or naturopathic physicians, and acupuncturists. When an attending or specialist physician or an authorized nurse practitioner prescribes ancillary services, unless an MCO contract specifies other requirements, the ancillary provider must prepare a treatment plan before beginning treatment.

(b) The ancillary medical service provider must send the treatment plan to the prescribing provider and the insurer within seven days of beginning treatment. If the treatment plan is not sent within seven days, the insurer is not required to pay for the services provided before the treatment plan is sent.

(c) The treatment plan must include objectives, modalities, frequency of treatment, and duration. The treatment plan may be in any legible format, e.g., chart notes. If the ancillary treatment needs to continue beyond the duration stated in the treatment plan, the ancillary care provider must obtain a new prescription from the attending or specialist physician or authorized nurse practitioner to continue treatment. The ancillary care provider also must send a new treatment plan to the insurer and ~~physician or authorized nurse practitioner~~ the prescribing provider within seven days.

(d) Treatment plans required under this subsection do not apply to services provided under ORS 656.245(2)(b)(A). (See Appendix A "Other Health Care Providers.")

(e) Within 30 days of the beginning of ancillary services, the prescribing provider must sign a copy of the treatment plan and send it to the insurer. If the prescribing provider does not sign and send the treatment plan, the provider may be subject to sanctions under OAR 436-010-0340. However, this will not affect payment to the ancillary provider.

(f) Authorized nurse practitioners, out-of-state nurse practitioners, and physician assistants directed by the attending physician do not have to provide a written treatment plan as prescribed in this section.

**(8) Massage Therapy.**

Unless otherwise provided by an MCO, when an attending physician, authorized nurse practitioner, or specialist physician prescribes ancillary services provided by a massage therapist licensed by the Oregon State Board of Massage Therapists under ORS 687.011 to 687.250, the massage therapist must prepare a treatment plan before beginning treatment. Massage therapists not licensed in Oregon must provide their services under the direct control and supervision of the attending physician. Treatment plans provided by massage therapists must follow the same requirements as those for ancillary providers in section (7) of this rule.

**(9) Therapy Guidelines and Requirements.**

(a) Unless otherwise provided by an MCO's utilization and treatment standards, the usual range for therapy visits is up to 20 visits in the first 60 days, and four visits a month thereafter. This is only a guideline and insurers should not arbitrarily limit payment based on this guideline nor should the therapist arbitrarily use this guideline to exceed medically necessary treatment. The medical record must provide clinical justification when therapy services exceed these guidelines. When an insurer believes the treatment is inappropriate or excessive, the insurer may request director review as outlined in OAR 436-010-0008.

(b) Unless otherwise provided by an MCO, a physical therapist must submit a progress report to the attending physician (or authorized nurse practitioner) and the insurer every 30 days or, if the patient is seen less frequently, after every visit. The progress report may be part of the physical therapist's chart notes and must include:

- (A) Subjective status of the patient;
- (B) Objective data from tests and measurements conducted;
- (C) Functional status of the patient;
- (D) Interpretation of above data; and
- (E) Any change in the treatment plan.

**(10) Physical Capacity Evaluation.**

The attending physician or authorized nurse practitioner must complete a physical capacity or work capacity evaluation within 20 days after the insurer or director requests the evaluation. If the attending physician or authorized nurse practitioner does not wish to perform the evaluation, they must refer the patient to a different provider within seven days of the

---

request. The attending physician or authorized nurse practitioner must notify the insurer and the patient in writing if the patient is incapable of participating in the evaluation.

### **(11) Prescription Medication.**

(a) Unless otherwise provided by an MCO contract, prescription medications do not require prior approval even after the worker is medically stationary. For prescription medications, the insurer must reimburse the worker based on actual cost. When a provider prescribes a brand-name drug, pharmacies must dispense the generic drug (if available) according to ORS 689.515. When a worker insists on receiving the brand-name drug, and the prescribing provider has not prohibited substitution, the worker must pay the total cost of the brand-name drug out-of-pocket and request reimbursement from the insurer. However, if the insurer has previously notified the worker that the worker is liable for the difference between the generic and brand-name drug, the insurer only has to reimburse the worker the generic price of the drug. Except in an emergency, prescription drugs for oral consumption dispensed by a physician's or authorized nurse practitioner's office are compensable only for the initial supply to treat the worker, up to a maximum of 10 days. Unless otherwise provided by an MCO contract, the worker may choose the dispensing provider.

(b) Providers should review and are encouraged to adhere to the division's opioid guidelines. See <https://wcd.oregon.gov/medical/provider-training/Pages/opioid-guidelines.aspx>.

### **(12) Diagnostics.**

Unless otherwise provided by an MCO, a medical provider may contact an insurer in writing for pre-authorization of diagnostic imaging studies other than plain film X-rays. The request must be separate from chart notes and clearly state that it is a request for pre-authorization of diagnostic imaging studies. Pre-authorization is not a guarantee of payment. The insurer must respond to the provider's request in writing whether the service is pre-authorized or not pre-authorized within 14 days of receipt of the request.

### **(13) Articles.**

Articles, including but not limited to, beds, hot tubs, chairs, and gravity traction devices are not compensable unless a report by the attending physician or authorized nurse practitioner clearly justifies the need. The report must:

(a) Establish that the nature of the injury or the process of recovery requires the item be furnished, and

(b) Specifically explain why the worker requires the item when the great majority of workers with similar impairments do not.

### **(14) Physical Restorative Services.**

**DEPARTMENT OF CONSUMER AND BUSINESS SERVICES**  
**WORKERS' COMPENSATION DIVISION**  
***DRAFT proposed* MEDICAL SERVICES RULES**

---

(a) Physical restorative services include, but are not limited to, a regular exercise program, personal exercise training, or swim therapy. They are not services to replace medical services usually prescribed during the course of recovery. Physical restorative services are not compensable unless:

(A) The nature of the worker's limitations requires specialized services to allow the worker a reasonable level of social or functional activity, and

(B) A report by the attending physician or authorized nurse practitioner clearly justifies why the worker requires services not usually considered necessary for the majority of workers.

(b) Trips to spas, resorts, or retreats, whether prescribed or in association with a holistic medicine regimen, are not reimbursable unless special medical circumstances are shown to exist.

**(15) Lumbar Artificial Disc Replacement Guidelines.**

(a) Lumbar artificial disc replacement is always inappropriate for patients with the following conditions (absolute contraindications):

(A) Metabolic bone disease – for example, osteoporosis;

(B) Known spondyloarthropathy (seropositive and seronegative);

(C) Posttraumatic vertebral body deformity at the level of the proposed surgery;

(D) Malignancy of the spine;

(E) Implant allergy to the materials involved in the artificial disc;

(F) Pregnancy – currently;

(G) Active infection, local or systemic;

(H) Lumbar spondylolisthesis or lumbar spondylolysis;

(I) Prior fusion, laminectomy that involves any part of the facet joint, or facetectomy at the same level as proposed surgery; or

(J) Spinal stenosis – lumbar – moderate to severe lateral recess and central stenosis.

(b) Lumbar artificial disc replacement that is not excluded from compensability under OAR 436-009-0010(12)(g) may be inappropriate for patients with the following conditions, depending on severity, location, etc. (relative contraindications):

(A) A comorbid medical condition compromising general health, for example, hepatitis, poorly controlled diabetes, cardiovascular disease, renal disease, autoimmune disorders, AIDS, lupus, etc.;

(B) Arachnoiditis;

(C) Corticosteroid use (chronic ongoing treatment with adrenal immunosuppression);

- (D) Facet arthropathy – lumbar – moderate to severe, as shown radiographically;
- (E) Morbid obesity – BMI greater than 40;
- (F) Multilevel degenerative disc disease – lumbar – moderate to severe, as shown radiographically;
- (G) Osteopenia – based on bone density test;
- (H) Prior lumbar fusion at a different level than the proposed artificial disc replacement; or
- (I) Psychosocial disorders – diagnosed as significant to severe.

## **436-010-0280 Determination of Impairment / Closing Exams**

(1) When a worker becomes medically stationary and there is a reasonable expectation of permanent disability, the attending physician must complete a closing exam or refer the worker to a consulting physician for all or part of the closing exam. If the worker is under the care of an authorized nurse practitioner, physician assistant, or a ~~type B attending naturopathic~~ naturopathic physician, ~~other than a chiropractic physician~~, the provider must refer the worker to a type A attending physician to do a closing exam.

(2) The closing exam must be completed under OAR 436-030 and 436-035 and [Bulletin 239](#). (See Appendix A "Matrix for Health Care Provider Types".)

(3) When the attending physician completes the closing exam, the attending physician has 14 days from the medically stationary date to send the closing report to the insurer. When the attending physician does not complete the closing exam, the attending physician must arrange, or ask the insurer to arrange, a closing exam with a consulting physician within seven days of the medically stationary date.

(4) When an attending physician or authorized nurse practitioner requests a consulting physician to do the closing exam, the consulting physician has seven days from the date of the exam to send the report to the attending physician for concurrence or objections. Within seven days of receiving the closing exam report, the attending physician must state in writing whether the physician concurs with or objects to all or part of the findings of the exam, and send the concurrence or objections with the report to the insurer.

(5) The attending physician must specify the worker's residual functional capacity if:

**WORKERS' COMPENSATION DIVISION**  
***DRAFT proposed* MEDICAL SERVICES RULES**

---

(a) The attending physician has not released the worker to the job held at the time of injury because of a permanent work restriction caused by the compensable injury, and

(b) The worker has not returned to the job held at the time of injury, because of a permanent work restriction caused by the compensable injury.

(6) Instead of specifying the worker's residual functional capacity under section (5) of this rule, the attending physician may refer the worker for:

(a) A second-level physical capacities evaluation (see OAR 436-009-0060) when the worker has not been released to return to the job held at the time of injury, has not returned to the job held at the time of injury, has returned to modified work, or has refused an offer of modified work; or

(b) A work capacities evaluation (see OAR 436-009-0060) when there is a question of the worker's ability to return to suitable and gainful employment. The provider may also be required to specify the worker's ability to perform specific job tasks.

(7) When the insurer issues a major contributing cause denial on an accepted claim and the worker is not medically stationary:

(a) The attending physician must do a closing exam or refer the worker to a consulting physician for all or part of the closing exam; or

(b) An authorized nurse practitioner, physician assistant, or a type B attending naturopathic physician, ~~other than a chiropractic physician~~, must refer the worker to a type A attending physician for a closing exam.

(8) The closing report must include all of the following:

(a) Findings of permanent impairment.

(A) In an initial injury claim, the closing report must include objective findings of any permanent impairment that is caused in any part by an accepted condition or a direct medical sequela of an accepted condition.

(B) In a new or omitted condition claim, the closing report must include objective findings of any permanent impairment that is caused in any part by an accepted new or omitted condition or a direct medical sequela of an accepted new or omitted condition.

(C) In an aggravation claim, the closing report must include objective findings of any permanent impairment that is caused in any part by an accepted worsened condition or a direct medical sequela of an accepted worsened condition.

(D) In an occupational disease claim, the closing report must include objective findings of any permanent impairment that is caused in any part by an accepted occupational disease or a direct medical sequela of an accepted occupational disease.

- (b) Findings documenting permanent work restrictions.
- (A) If the worker has no permanent work restriction, the closing report must include a statement indicating that:
- (i) The worker has no permanent work restriction; or
  - (ii) The worker is released, without restriction, to the job held at the time of injury.
- (B) In an initial injury claim, the closing report must include objective findings documenting any permanent work restriction that:
- (i) Prevents the worker from returning to the job held at the time of injury; and
  - (ii) Is caused in any part by an accepted condition or a direct medical sequela of an accepted condition.
- (C) In a new or omitted condition claim, the closing report must include objective findings documenting any permanent work restriction that:
- (i) Prevents the worker from returning to the job held at the time of injury; and
  - (ii) Is caused in any part by an accepted new or omitted condition or a direct medical sequela of an accepted new or omitted condition.
- (D) In an aggravation claim, the closing report must include objective findings documenting any permanent work restriction that:
- (i) Prevents the worker from returning to the job held at the time of injury; and
  - (ii) Is caused in any part by an accepted worsened condition or a direct medical sequela of an accepted worsened condition.
- (E) In an occupational disease claim, the closing report must include objective findings documenting any permanent work restriction that:
- (i) Prevents the worker from returning to the job held at the time of injury; and
  - (ii) Is caused in any part by an accepted occupational disease or a direct medical sequel of an accepted occupational disease.
- (c) A statement regarding the validity of an impairment finding is required in the following circumstances:
- (A) If the examining physician determines that a finding of impairment is invalid, the closing report must include a statement that identifies the basis for the determination that the finding is invalid.
- (B) If the examining physician determines that a finding of impairment is valid but the finding is not addressed by any applicable validity criteria under [Bulletin 239](#), the closing report must include a statement that identifies the basis for the determination that the finding is valid.

(C) If the examining physician chooses to disregard applicable validity criteria under [Bulletin 239](#) because the criteria are medically inappropriate for the worker, the closing report must include a statement that describes why the criteria would be inappropriate.

OREGON ADMINISTRATIVE RULES  
CHAPTER 436, DIVISION 015

NOTE: Revisions are marked: [new text](#) | ~~deleted text~~.

## 436-015-0005 Definitions

Unless a term is specifically defined elsewhere in these rules or the context otherwise requires, the definitions of ORS chapter 656 and OAR 436-010-0005 are hereby incorporated by reference and made a part of these rules.

(1) **“Administrative review”** means any decision making process of the director requested by a party aggrieved with an action taken under these rules except the hearing process described in OAR 436-001.

(2) **“Come-along provider”** means a primary care physician, a chiropractic physician, [physician assistant](#), or an authorized nurse practitioner who is not a managed care organization (MCO) panel provider and who is authorized to continue to treat the worker when the worker becomes enrolled in an MCO.

(3) **“Coordinated health care program”** means an employer program providing for the coordination of a separate policy of group health insurance coverage with the medical portion of workers' compensation coverage, for some or all of the employer's workers, which provides workers with health care benefits even if a workers' compensation claim is denied.

(4) **“Division”** means the Workers' Compensation Division of the Department of Consumer and Business Services.

(5) **“Geographic service area (GSA)”** means an area of the state in which a managed care organization may be authorized by the director of the Department of Consumer and Business Services to provide managed care services. There are 15 geographic service areas in Oregon.

(6) **“Good cause”** means circumstances that are outside the control of a party or circumstances that are considered to be extenuating by the division.

(7) **“Group of medical service providers”** means individuals duly licensed to practice one or more of the healing arts who join together to provide medical services through a managed care organization, whether or not such providers have an ownership interest in the managed care organization.

**DEPARTMENT OF CONSUMER AND BUSINESS SERVICES**  
**WORKERS' COMPENSATION DIVISION**  
***DRAFT Proposed* MANAGED CARE ORGANIZATIONS**

---

**(8) “Health care provider”** means an entity or group of entities, organized to provide health care services or to provide administrative support services to entities providing health care services. An entity solely organized to become an MCO under these rules is not, in and of itself, a health care provider.

**(9) “Insurer”** means the State Accident Insurance Fund Corporation; an insurer authorized under ORS chapter 731 to transact workers’ compensation insurance in the state; or an employer or employer group that has been certified under ORS 656.430 and meets the qualifications of a self-insured employer under ORS 656.407.

**(10) “Managed care organization” (“MCO”)** means an organization formed to provide medical services and certified under these rules.

**(11) “Medical provider”** means a medical service provider, a hospital, a medical clinic, or a vendor of medical services.

**(12) “Medical service”** means any medical treatment or any medical, surgical, diagnostic, chiropractic, dental, hospital, nursing, ambulance, and other related services, and drugs, medicine, crutches and prosthetic appliances, braces and supports, and, where necessary, physical restorative services.

**(13) “Medical service provider”** means a person duly licensed to practice one or more of the healing arts.

**(14) “Non-qualifying employer”** means either:

(a) An insurer as defined in this rule, with respect to managed care services to be provided to any subject worker; or

(b) An employer as defined under ORS 656.005(13), other than a health care provider, with respect to managed care services to such employer’s employees.

**(15) “Primary care physician”** means a physician qualified to be an attending physician according to ORS 656.005(12)(b)(A) and who is a general practitioner, family practitioner, or internal medicine practitioner.

**(16) “Show-cause hearing”** means an informal meeting with the director or the director’s designee where the MCO is provided an opportunity to explain and present evidence regarding any proposed orders by the director to suspend or revoke the MCO’s certification.

**(4) MCO Plan - General.**

The plan must:

- (a) Identify the initial GSAs in which the MCO intends to operate (For details regarding GSAs, see [http://wcd.oregon.gov/Bulletins/bul\\_248.pdf](http://wcd.oregon.gov/Bulletins/bul_248.pdf));
- (b) Describe the reimbursement procedures for all services provided;
- (c) Include a process for developing financial incentives directed toward reducing service costs and utilization, without sacrificing quality of service;
- (d) Describe how the MCO will provide insurers with information that will inform workers of all choices of medical service providers and how workers can access those providers;
- (e) Provide a procedure to identify those providers in the panel provider listings that only accept existing patients as workers' compensation patients. This procedure is not subject to the timeframe established in subsection (f) of this section;
- (f) Provide a procedure for regular, periodic updating of all MCO panel provider listings, with published updates being available electronically no less frequently than every 30 days; and
- (g) Include a procedure for timely and accurate reporting to the director of necessary information regarding medical and health care service costs and utilization under OAR 436-015-0040 and OAR 436-009.

**(5) MCO Plan – Worker Rights.**

The plan must provide a description of the times, places, and manner of providing services adequate to ensure that workers governed by the MCO will be able to:

- (a) Access an MCO panel with a minimum of one attending physician within the MCO for every 1,000 workers covered by the plan;
- (b) Receive initial treatment by an MCO attending physician or authorized nurse practitioner of the worker's choice within 24 hours of the MCO's knowledge of the need or a request for treatment;
- (c) Receive treatment by an MCO attending physician or authorized nurse practitioner of the worker's choice within five working days after the worker received treatment outside the MCO;
- (d) Receive information on a 24-hour basis regarding medical services available within the MCO which must include:
  - (A) The worker's right to receive emergency or urgent care, and

---

- (B) The MCO's regular hours of operation if the worker needs assistance selecting an attending physician or has other questions.
- (e) Access medical providers, including attending physicians, within a reasonable distance from the worker's place of employment, considering the normal patterns of travel. For purposes of this rule, 30 miles (one way) in urban areas and 60 miles (one way) in rural areas will be considered a reasonable distance;
- (f) Receive treatment by a non-MCO medical service provider when the enrolled worker resides outside the MCO's geographic service area. Such a worker may only select non-MCO providers if they practice closer to the worker's residence than an MCO provider of the same category, and if the provider agrees to the MCO's terms and conditions;
- (g) Receive services that meet quality, continuity, and other treatment standards which will provide all medical and health care services in a manner that is timely, effective, and convenient for the worker;
- (h) Receive specialized medical services the MCO is not able to provide;
- (i) Receive treatment that is consistent with MCO treatment standards and protocols; and
- (j) Remain eligible to receive authorized temporary disability benefits up to 14 days after the mailing date of a notice enrolling the worker's claim in an MCO under OAR 436-010-0270(4)(d).

**(6) MCO Plan – Choice of Provider.**

The plan must provide all of the following:

- (a) An adequate number, but not less than three, of medical service providers from each provider category. For purposes of these rules, the categories include acupuncturist, chiropractic physician, dentist, naturopathic physician, optometric physician, osteopathic physician, medical physician, and podiatric physician. The worker also must be able to choose from at least three physical therapists and three psychologists. The plan must meet this section's requirements unless the MCO establishes that there is not an adequate number of providers in a given category able or willing to become members of the MCO.
- For categories where the MCO has fewer than three providers within a GSA or the MCO is unable to provide a list of three providers willing to treat a worker within a reasonable period of time, the MCO must allow the worker to seek treatment outside the MCO from a provider in each of those categories, consistent with the MCO's treatment and utilization standards. Such providers cannot be required to comply with the terms and conditions regarding services performed by the MCO. These providers are not bound by the MCO's treatment and utilization standards, however, workers are subject to those standards.

**DEPARTMENT OF CONSUMER AND BUSINESS SERVICES  
WORKERS' COMPENSATION DIVISION

(b) A process that allows workers to select an authorized nurse practitioner. If the MCO has fewer than three authorized nurse practitioners within a GSA or the MCO is unable to provide a list of three authorized nurse practitioners willing to treat a worker within a reasonable period of time, the MCO must allow the worker to seek treatment outside the MCO from an authorized nurse practitioner, consistent with the MCO's treatment and utilization standards and ORS 656.245(2)(b)(D). Such authorized nurse practitioners cannot be required to comply with the terms and conditions regarding services performed by the MCO. These authorized nurse practitioners are not bound by the MCO's treatment and utilization standards, however, workers are subject to those standards.

(c) A process that allows workers to select a physician assistant.
