## What is the Research Unit?

- An independent data analysis and forecasting unit at DCBS.
- Organizationally structured within the Central Services Division along with IT.
- Supports all divisions of the agency.
- Fifteen team members: 1 manager, 1 Sr. Economist, 11 Research Analysts, 2 Statistical Clerks.

---

---

---

---

---

---

---

---

## Research Team Projects

- Medical Fee Schedules
- Premium Assessment Operating Account (PAOA) and Workers' Benefit Fund (WBF) assessment rate
- Workers' Compensation Premium Rate Ranking

---

---

---

---

---

---

---

---

## Research Team Projects

- BLS Survey of Occupational Injuries and Illnesses
- Census of Fatal Occupational Injuries
- Oregon OSHA High Hazard Industry list

---

---

---

---

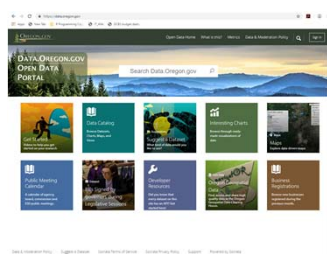

---

---

---

---

### Deeper Questions: Getting Help or Custom Data Sets

- Custom statistical analysis and data sets can be produced for your research project
- Current research partners include
  - The RAND Institute
  - NCCI
  - ODOT
  - OSU College of Public Health and Human Services

---

---

---

---

---

## Oregon's Open Data Portal: [DATA.OREGON.GOV](https://data.oregon.gov)

The screenshot shows the Oregon's Open Data Portal search results for the query "workers compensation". The search bar at the top shows "workers compensation" and "70 Results". The results are sorted by "Most Relevant". The first three results are:

- Workers' Compensation Claims Data** (Business): Oregon workers' compensation claims courts. Where available, the data is provided since 1968, the year Oregon's modern workers' compensation system began. The data is presented in the Department of Consumer and Business Services report at <https://www.oregon.gov/dcs/bps/reports/compensation/index.aspx>. The attached pdf provides definitions of the data. Updated: June 21, 2019. Data: 1968 - 2018. Tags: oregon, workers' compensation, wc, claims, fatalities, and 2 more. API Docs.
- Workers' Compensation Insurance Data** (Business): Oregon workers' compensation data about insurers and self-insured employers. The data is presented in the Department of Consumer and Business Services report at <https://www.oregon.gov/dcs/bps/reports/compensation/index.aspx>. The attached pdf provides definitions of the data. Updated: June 21, 2019. Data: 1968 - 2018. Tags: workers' compensation insurance, self-payments, assigned risk pool. API Docs.
- Workers' Compensation Return-to-Work Data** (Business): Oregon Return to Work (RTW) programs data. The data is presented in the Department of Consumer and Business Services report at <https://www.oregon.gov/dcs/bps/reports/compensation/index.aspx>. The attached pdf provides definitions of the data. Updated: June 21, 2019. Data: 1968 - 2018. Tags: workers' compensation, return to work, the exp. pay, and 3 more. API Docs.
